Administration

A. W. Panaci

Principal

The integral part of any educational institution is its administration. Invested with the authority of the administration is the principal, whose major role is twofold. As the school's highest official and representative, he is the most important link between the school and the community; he is also the one primarily concerned with the welfare of the students.

In this respect the principal should be competent in administrative duties, take pride in the school he represents and take an active part in student activities.

Mr. A. W. Panaci, principal of West Scranton, generally exhibits these traits in his actions. His attendance and enthusiasm, mainly at sporting events, has been noted by all. He is friendly toward the student body and tries to understand and cooperate with their desires.

Mr. Panaci's understanding, co-operation and interest for the good of the student body are exhibited by the accreditation of West by the Middle Atlantic States Association, and by his attempts to create an effective and valuable learning atmosphere. These are only two ways in which he has helped to make WEST BEST.

Second in command in the administration is the vice-principal. It is he who works side-by-side with the principal in order to maintain stable, administrative competence.

Mr. Angelo Gentilezza, in his position as vice-principal, possesses the qualities required by an able administrator; he, too, displays understanding and friendship to the student body.

However, despite his friendly manner, he has been entrusted with a much disliked, but necessary duty: that of disciplinarian. When students violate some school law, they encounter Mr. G., whose punishment at times is hard, but almost always just.

Through his guiding hand and fairness, Mr. Gentilezza has earned the respect of the student body, and has through the years, helped many students better themselves, and consequently, our school.

Mr. William Murphy, as junior high vice-principal, also holds an instrumental position in West's administration. His primary concern is the students in the seventh, eighth and ninth grades.

However, upperclassmen come in contact daily with him and his office staff in 205. Students secure tardy slips, permission for being excused or setting attendance records straight.

Here, in this brief space, all of the contributions and responsibilities of West's administrators obviously cannot be enumerated. Yet it is these men, either directly or indirectly, who have had on the student body a great influence for which they will always be remembered.

Mrs. Grace Anthony

The most influential person for the seniors at West has been our guidance counselor, Mrs. Grace Anthony. Mrs. Anthony, our comrade, was always helpful in choosing a beneficial curriculum and in providing a stimulus for extra curriculars. Although her retirement occurred during our Junior Year, Mrs. Anthony continued to make important contributions to our intellectual growth maturation. Her constant encouragement and constructive lessons will never be forgotten by the Class of 72.

FACULTY

The greatest influence of all during our days at West was undoubtedly our teachers. They were the chosen few who were given the task of moulding our minds and guiding us through the educational process, preparing us for the complex society which lies ahead

Literally, a teacher is one who imparts knowledge, instructs or informs. Naturally, a teacher must have an adequate amount of knowledge of the subject to be taught and a desire to communicate this knowledge and do so in an effective, interesting manner. However, for a conscientious, successful teacher, these basic requirements are not enough

A successful teacher is one who can stimulate the students minds to be creative and resourceful. If they are successful, the students will become wholesome, contributing members of society

How many teachers who once experienced success succumbed to the repetition of facts, figures or formulas, refusing, or simply forgetting, this key point to success in teaching? Quite a few. The result? Ambivalent attitudes. Students lose respect for these teachers, yet admire them for their patience and understanding they usually exhibited. This tends to frustrate both the teacher and the student, straining their relationship

However, despite past conflicts with teachers at West, and whether the faculty is viewed as being successful or not, they have taught us a great deal for which we should be thankful. Generally, not only have we left the classrooms at West with a deeper knowledge of facts and figures, but also with a deeper understanding of human nature derived simply through the discourse with our teachers, people, possessing varied backgrounds and experiences in the society into which we are about to enter

Only the future will tell how much, precisely, the teachers at West have taught us. This section is dedicated to them

STUDENT ACTIVITIES

WE WANT THE BELL

Although the instructions in the newspaper had indicated that the in-coming seventh graders report to the auditorium, most of the graduating class of 1972 began their stay at West herded in masses in the boys gym. In comparison to the size of the grammar schools we had come from, the building was huge. From the top of the bleachers, the teachers on the gym floor appeared very tiny. As each home-room was called more students left the gym and we began our journey through West Scranton High School

Probably the first major problem confronting us was determining which exits were "up" and which were the "down". While attempting to get some focus on the setup of the building, many of us managed to walk into the wrong classrooms several times

The largest and most active club that year was Thespians, and the Spring production of "The Music Man" was excellently preformed. Seeing this play was the factor influencing almost one third of our class to join the club

High School football and basketball games among other sports were new experiences for most of us. We also had the honor of appearing in the school newspaper as the noisy seventh graders. The insecurity, self-consciousness, and the newness of entering high school can never be felt again in our lives

The following year we were no longer the youngest members of the school. Already we began making references to the dumb seventh graders. We suffered through compulsory one-day-a-week courses like art, and music appreciation, though many of us had little talent

Although the Thespians planned to present "Mame" in the Spring, it was impossible because the play was still running in New York. Instead, the club preformed several scenes from the play

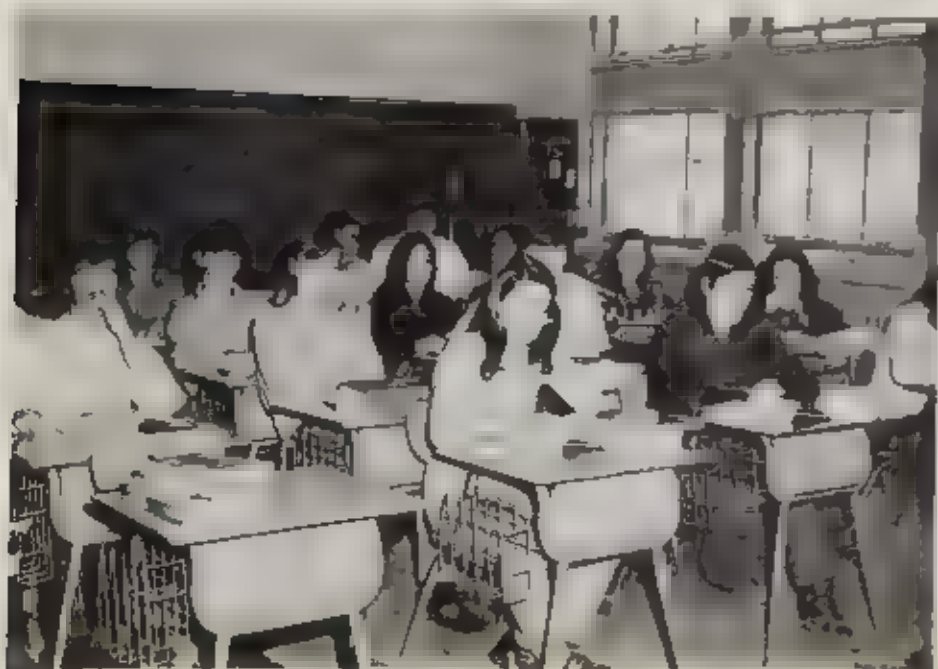

When we entered ninth grade, our real "high school life" began. Those students in foreign language courses had the opportunity to utilize the newly acquired language lab. The purpose of the lab was to improve our conversation ability in the language we studied, in addition to achieving this goal most of us spent the year with very sore ears

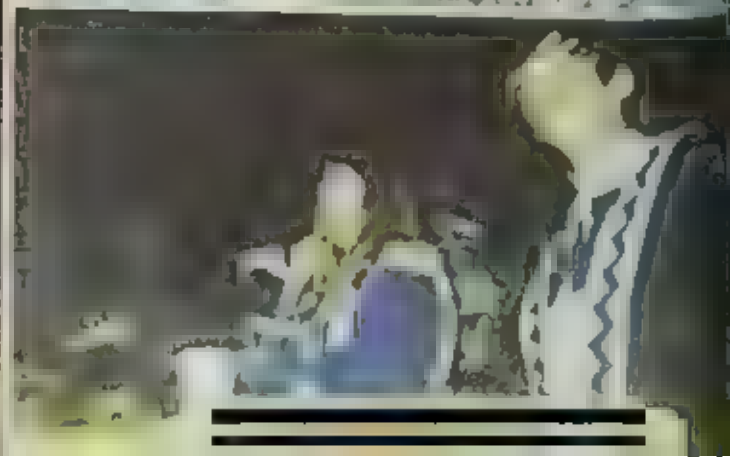

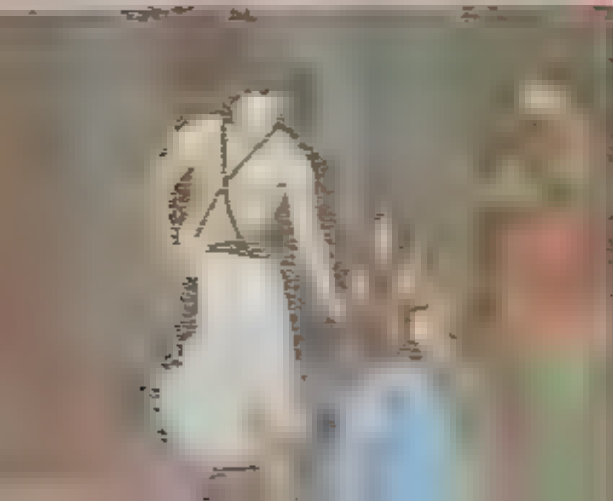

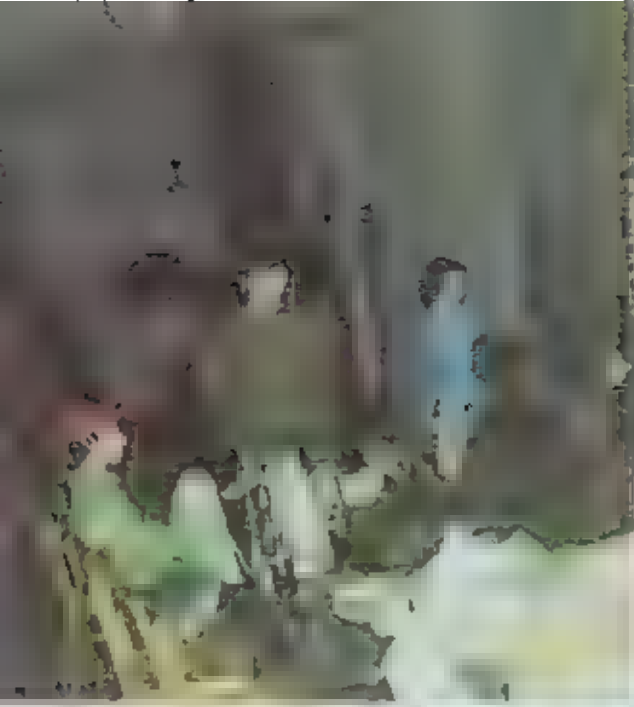

During the winters, the ski club was formed with the help of Mrs. Marie Russo and Miss Ann Flanagan. Several ski trips to the Poconos were taken and when financially possible skiers traveled to Killington and Mount Snow in Vermont. Housed in a remodeled barn, students enjoyed playing ping pong and billiards, swimming in a heated pool, and throwing parties. Members felt that a worthwhile club had been added to the extracurricular activities already existing at West.

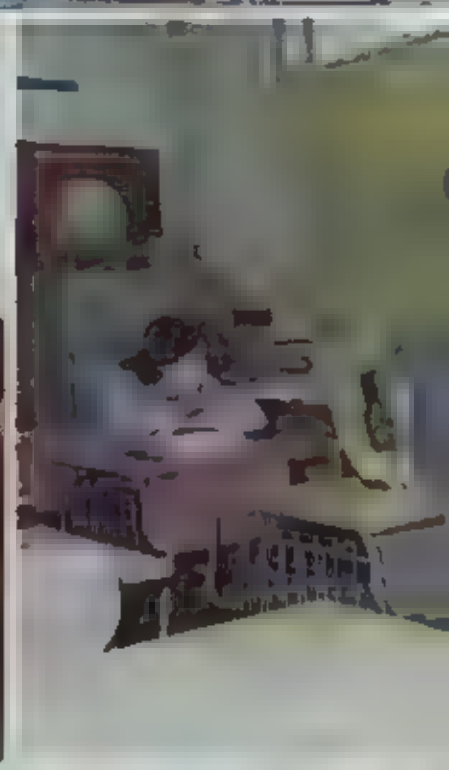

Under the direction of Miss Scaringi, the Thespians presented "Brigadoon" in the Spring. It is a love story set in the legendary town of Brigadoon where the inhabitants only awaken every hundred years. Many people in the audience were moved to tears as the plot unfolded.

The younger Thespians presented a lovely variety show called "Laff-in." Who can forget the chorus line of girls singing "There's No Business Like Show Business", and wearing blue gym sneakers?

In the Spring, tryouts for new Invaderettes were held. Sore arm and leg muscles proved to be worth the pain for over forty freshman girls. The most exciting events the girls anticipated was the trip to Buffalo in the fall to perform at a professional Football game.

Summer practice was devoted to our high school performance and partially in preparation to "shuffle off the Buffalo". In the fall we began our sophomore year when we didn't win one football game. The older Invaderettes had told the new girls about the fun they had had in the past running on the football field after winning a game. The sophomore Invaderettes did not experience the feeling all season. Fortunately the Invaderettes and Band members could look forward to the Buffalo trip. Or should we say look forward through? Through the snow, that is. When the Band and Invaderettes boarded the buses at 4 a.m. on a Sunday morning the weather was gloomy and miserable.

The blizzard awaiting them in Buffalo was probably the worst most had ever been through. For the pre-game show only group leaders who wanted to perform did so, and any person who did not want to risk his health was not forced to perform at halftime.

However, after so much hard work and practice coupled with the long ride up, and dripping wet bleachers at

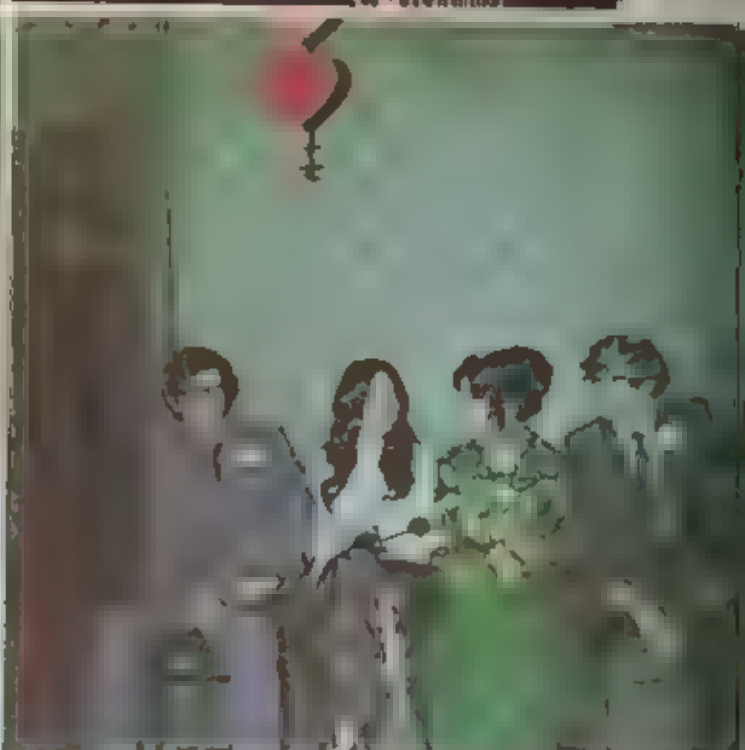

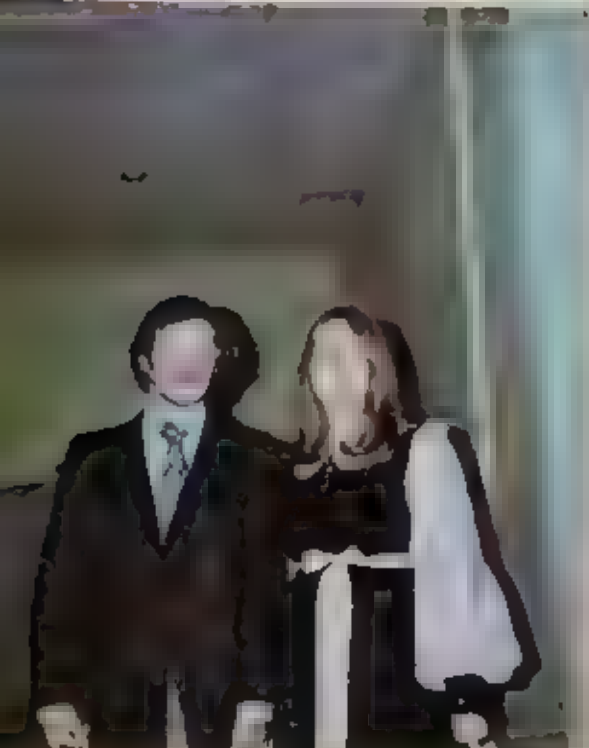

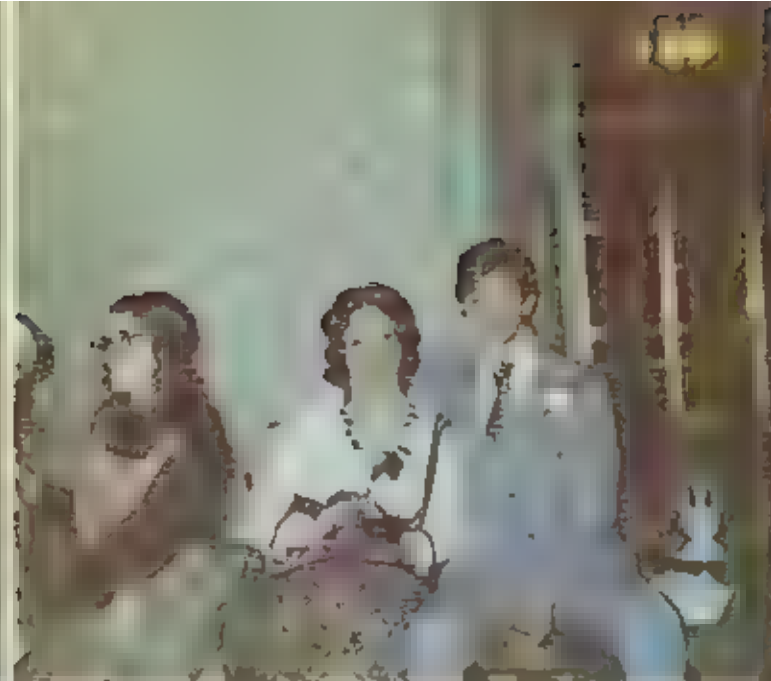

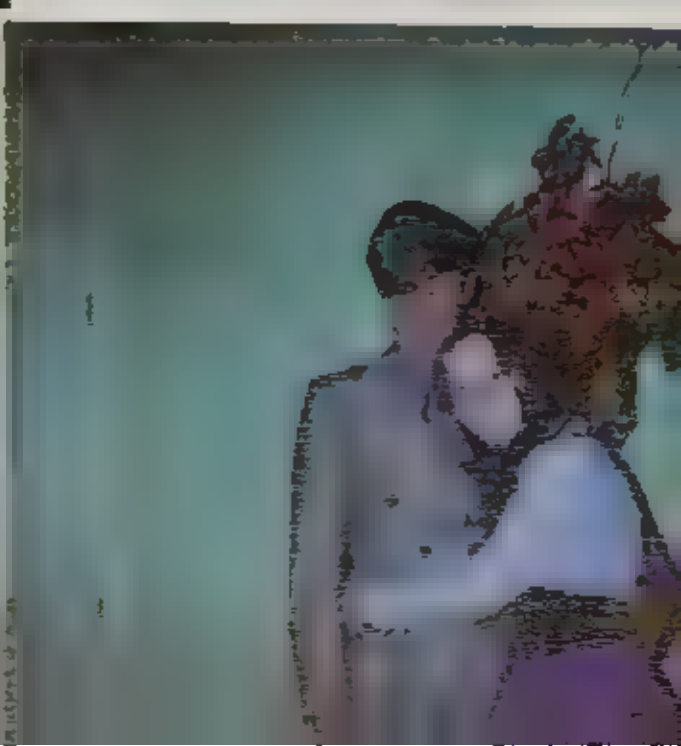

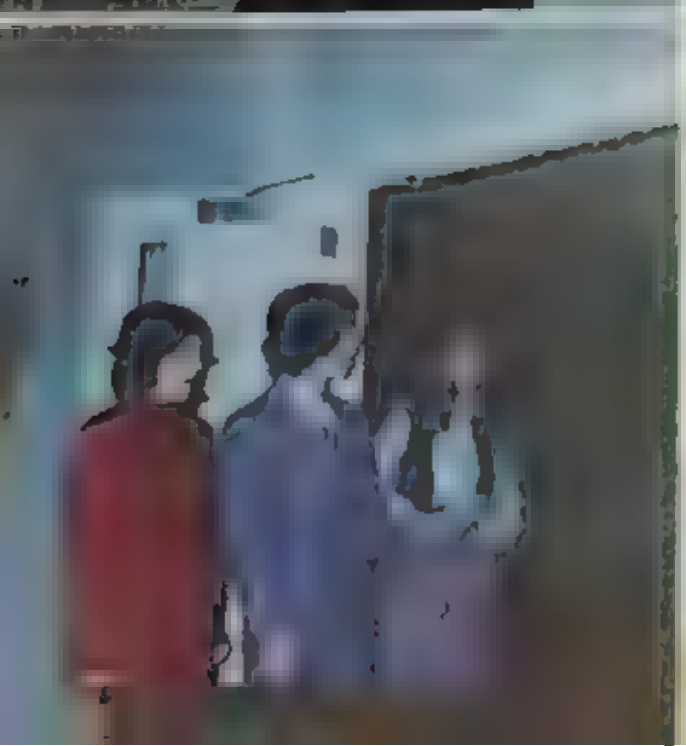

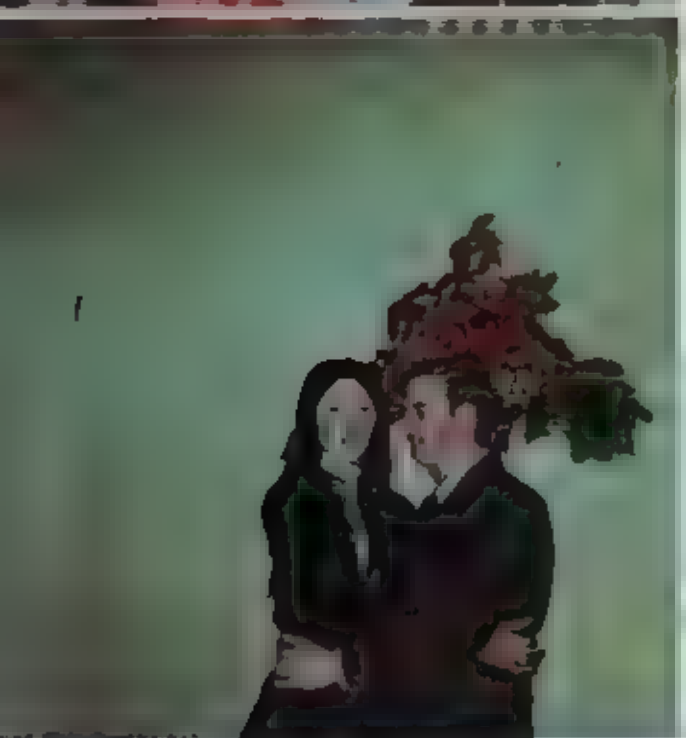

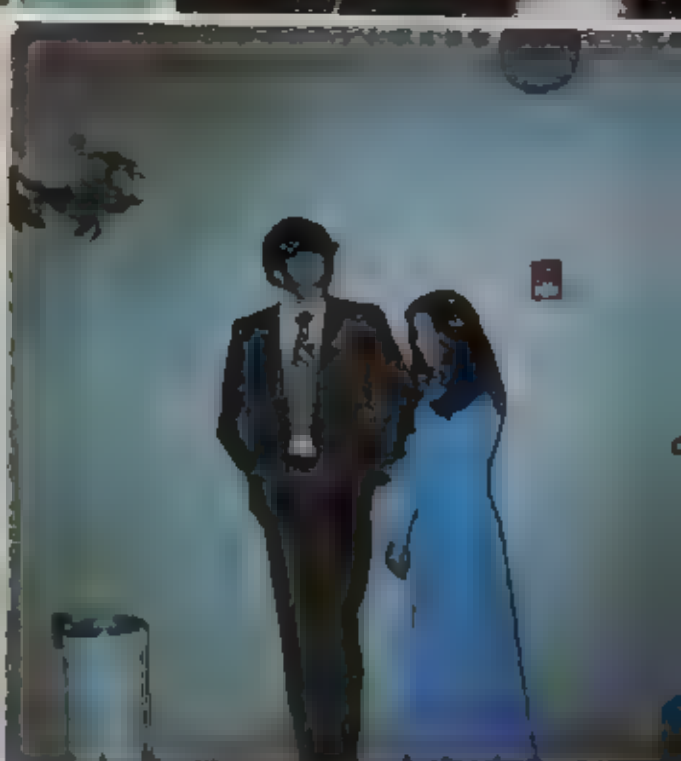

the game who would refuse to perform? Both groups trudged onto the field through two feet of snow. As they attempted to form a rose and an elephant, most girls laughed so much that frozen tears stained their faces. The fierce wind nearly knocked over the bass drummer. After the show, everyone hustled onto the buses to remove their wet clothes and prepare for dinner. Although the food was not very good, the kids were hungry enough to eat anything. Riding home was tiresome and all were glad when the buses finally pulled up in front of the school.

When our football season ended the basketball season stepped in to raise school spirits. The newly formed Spirit Club followed the team to every game, cheering them on to Harrisburg to capture the state championship. Several busloads of people and hundreds in cars travelled to the

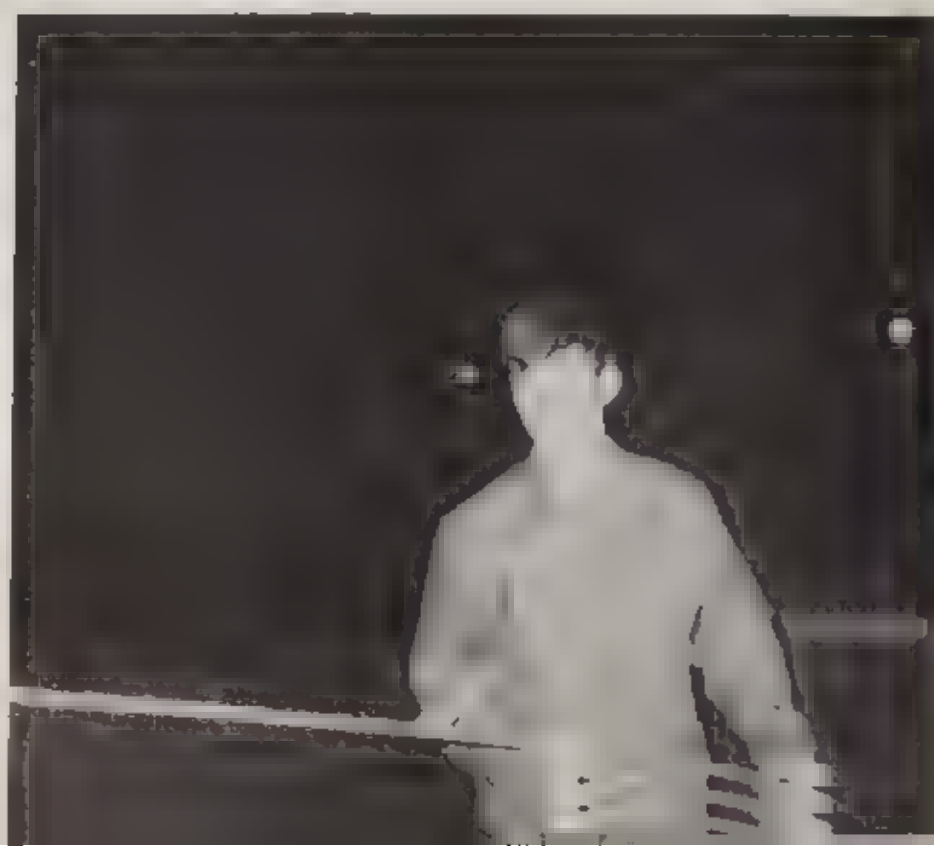

state capital to see the game while the rest of the city listened on the radio West, however had a difficult time and lost the game

Our Christmas vacation was extended three days due to a violent snowstorm which cancelled both the Orchestra Christmas Concert and the Thespian play. Three weeks of "early morning rehearsals" for orchestra members and after school rehearsals for Thespians were wasted. It would have been senseless to present these two productions in the middle of January

A topic of great discussion was Mr. Panaci's visit to Russia, and several World Culture students conducted an informal interview with the principal in his office. The entire program was heard over the public address system throughout the school, and everyone was invited to participate by sending questions for Mr. Panaci to the office. A response followed immediately and Mr. Panaci found himself swamped with questions to answer

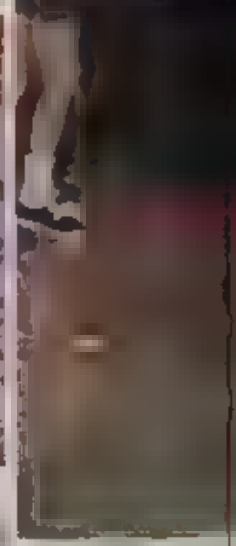

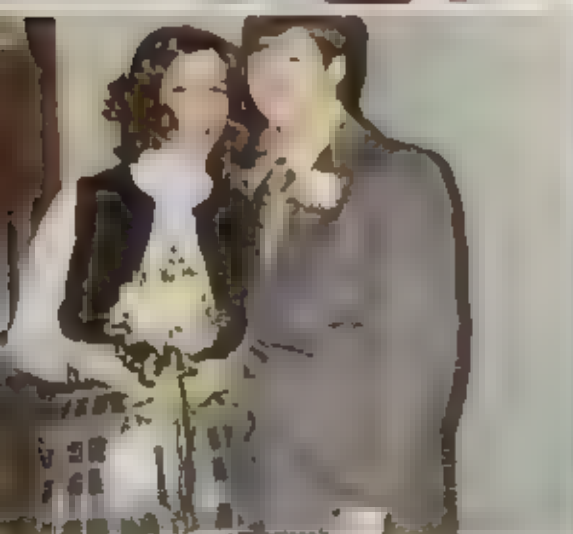

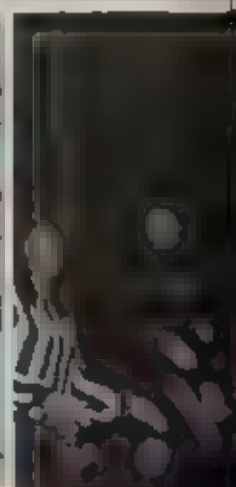

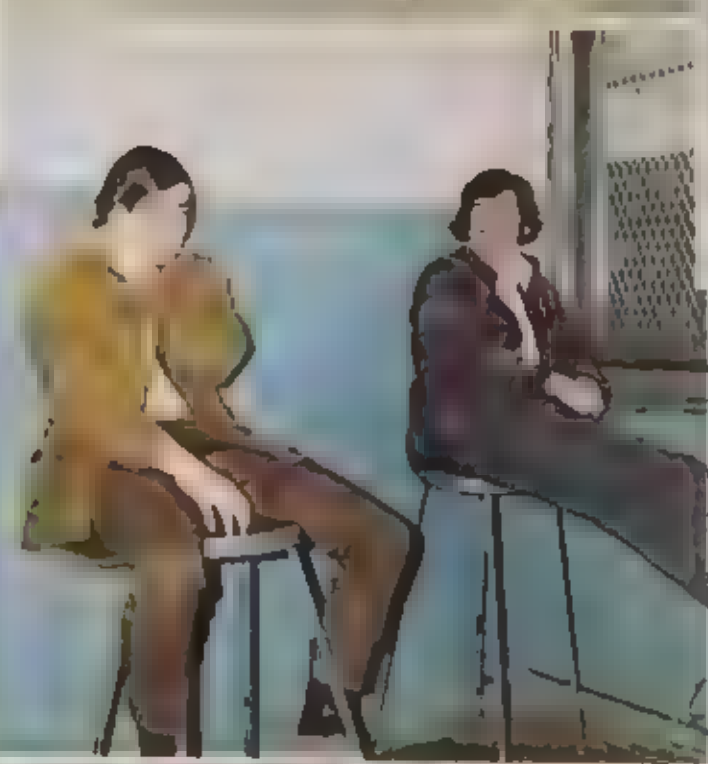

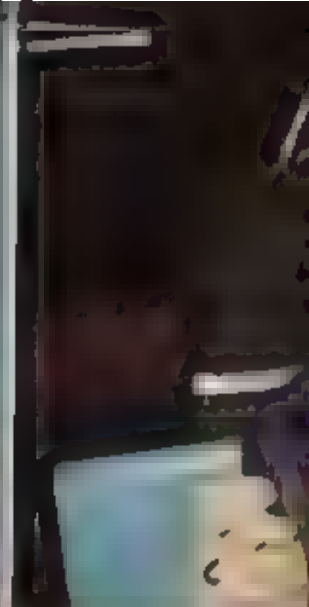

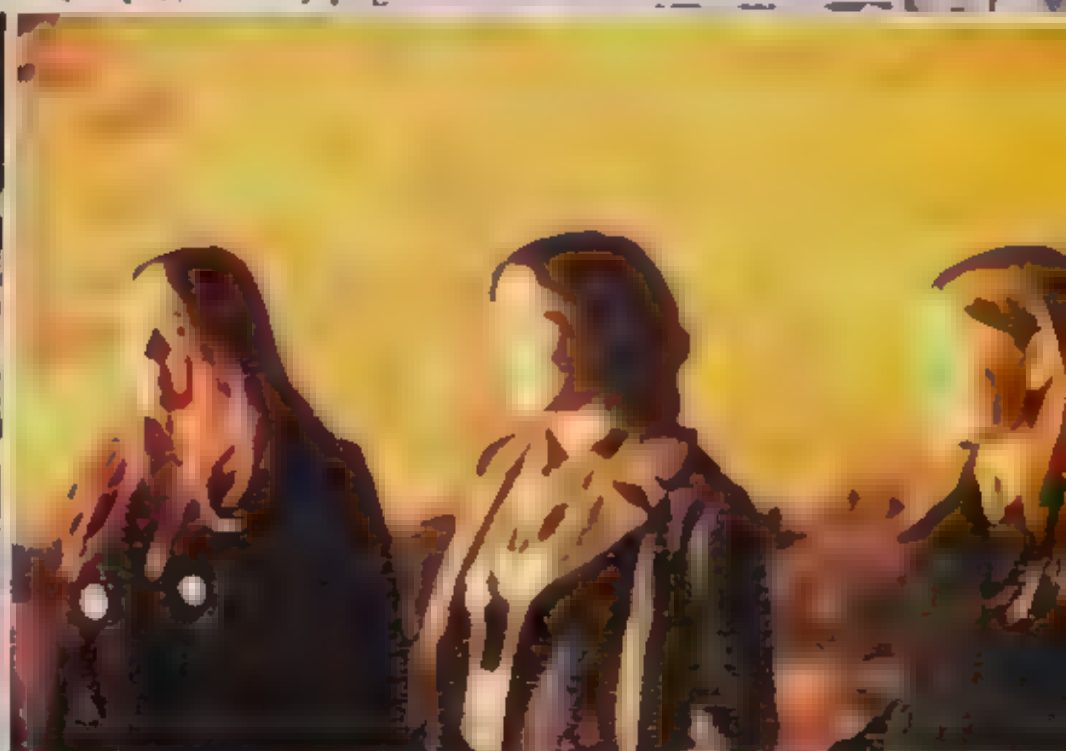

The Rodgers and Hammerstein classic "Oklahoma" was presented in the Spring under the direction of Miss Barbara Spellman. Music was provided by the Orchestra under Mr. Nicholas Catalano. It was the first time the orchestra had a hand in the spring production since "The Music Man". They were needed then because the play called for seventy-six trombones.

Finally we remember our biology class. Dissecting creatures of the earth was certainly not the favorite pastimes of the majority of the students. When it was time to dissect a frog we were not too anxious to begin. Because of the actions of the third period class, the seventh period class did not endure the torture. They threw the frogs out of the window!

Our Junior year was appropriately termed "The Year of the Evaluators". Students, teachers, and administration alike cooperated to make our school appear desirable to the evaluators. Apparently we succeeded. We earned a ten-year accreditation, the longest possible amount of time. However, after, the evaluators had gone, the school returned to normal. Perhaps, if the evaluators were to visit us without our knowledge, they would reconsider their decision.

The first most obvious change in school attitudes was the removal of our wonderful guidance counselor, Mrs. Grace Anthony. Despite petitions signed by students, parents, and friends, she was forced to retire. While on stage she was presented with a bouquet of roses from the Junior class. Her most memorable words were

"I hope you'll invite me to your graduation." Our class was both sad and angered that four hundred students and one marvelous woman were not considered important to the school board.

The Stolen Prince

The Thespians presented "THE STOLEN PRINCE" a childrens theater production on December 18 and 19. Directed by Miss Paulette Posuszny, speech and drama teacher, it was the initial step for the Annual Fall Production. The play, Based on two children of an oriental emperor, provided a challenge for the student actors and was received with great enthusiasm.

Principals in the staging of the play were Susan Salamidia, assistant director; Robert McAndrew, stage manager; Lucile Magnotta, assistant stage manager; and Sally Liples, musical director.

The cast was comprised of Philip Seymour as Long Fo, Lee Kwiatek as Wing Lee, Gina Tarantini as the nurse; Kevin Welby as Hi Tee, Carol Shuminski as Li MO, Paul Welby as Joy, Robert Ferguson as the executioner, Robert Robin, Walter Carling as Daniel Conway as soldiers; Cynthia Woerhle as the chorus; Teresa Yanusauskas as the property man, Thomas Doria and Gerald Velby as the property man's assistants.

"Adrift in New York"

On March 24-25, 1972, the Thespians presented the smash production — "Adrift in New York" or "Her First False Step" This play, under the direction of Miss Paulette Posluszny included excellent performances by Paul Mroczka, Cathy Arlandis, Carol Shuminski and Jim Mangan

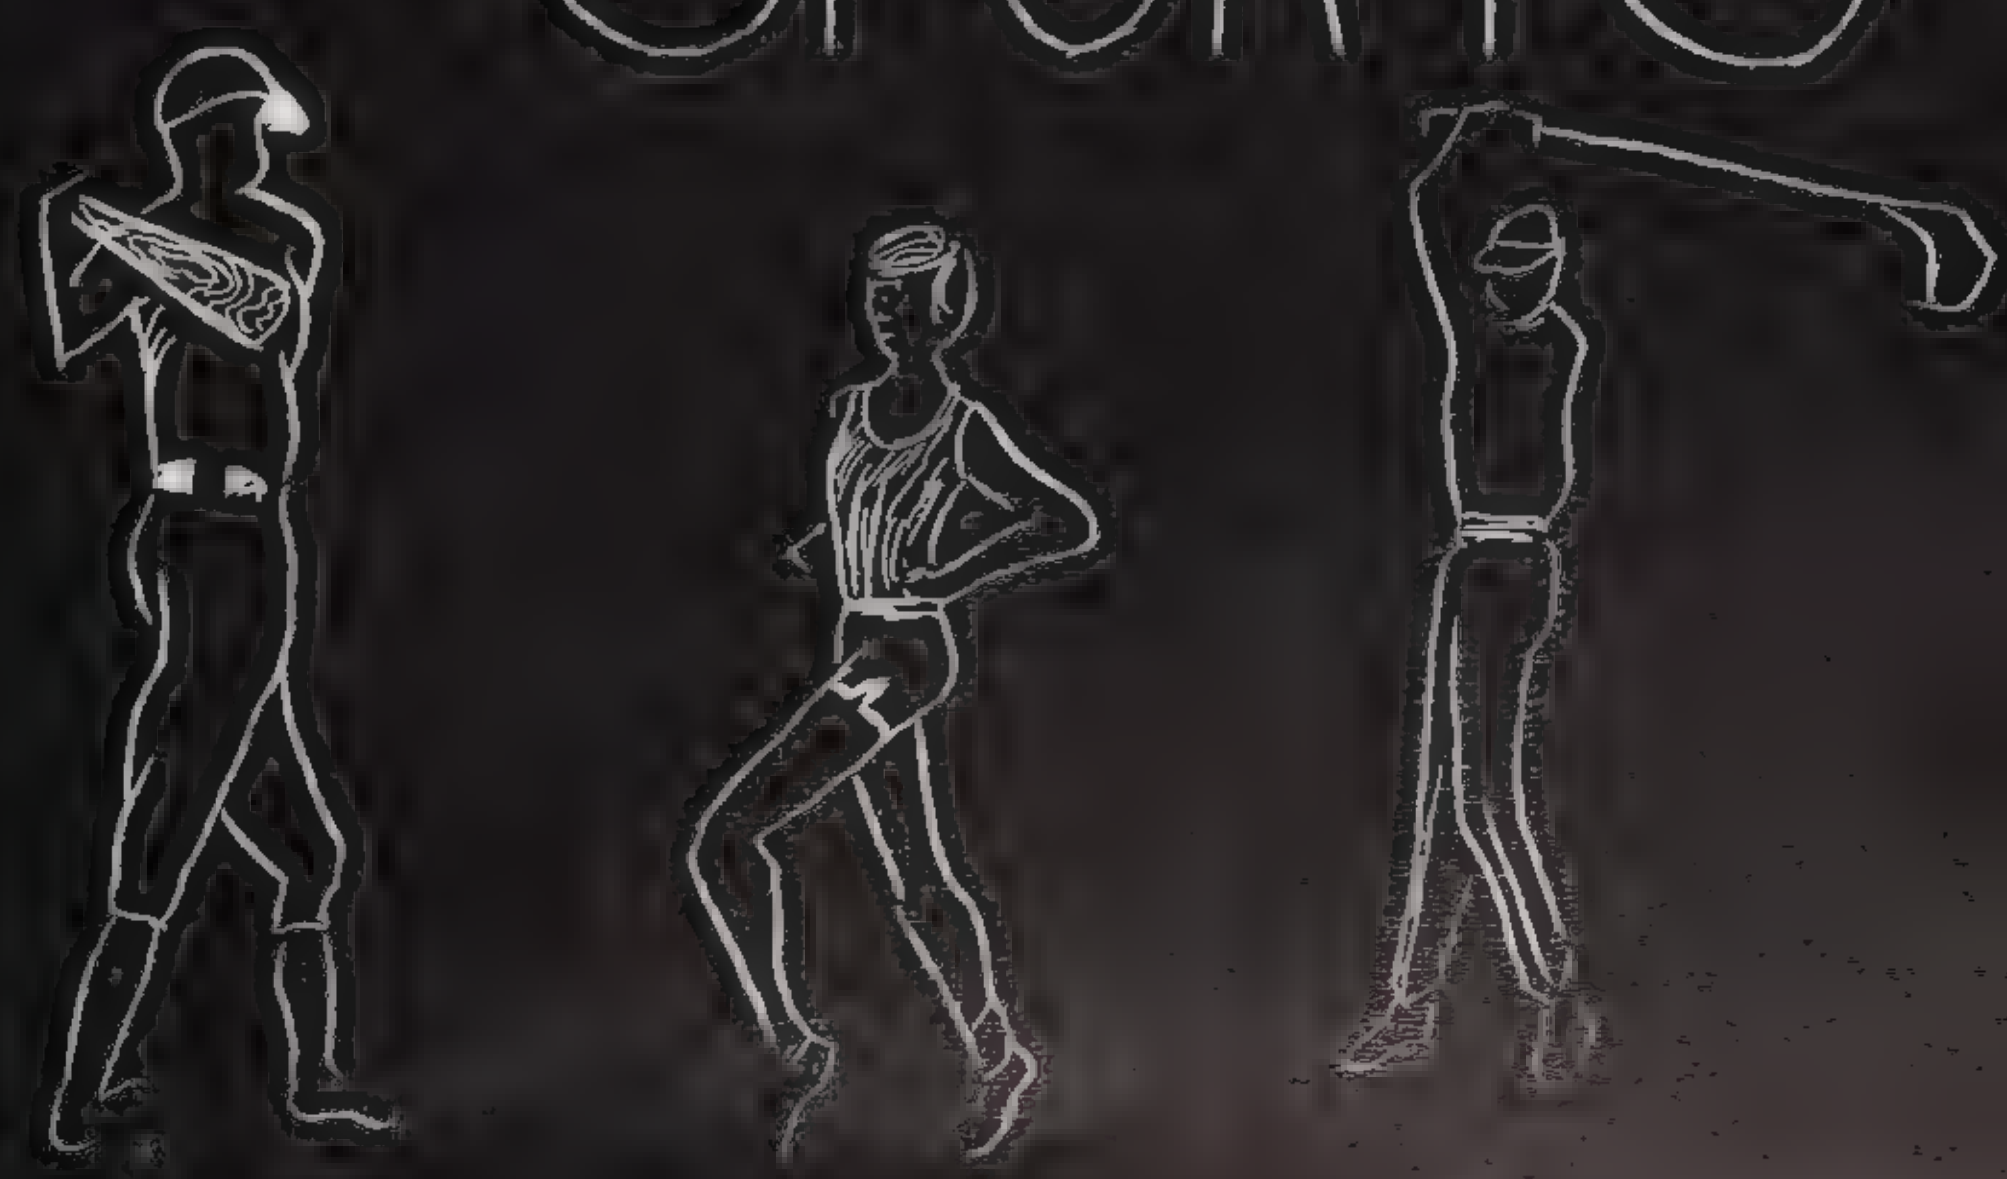

The musical talents of our students were revealed in performances by Cindy Gallucci and Teresa Yanusouskos (Who also did extremely well as Maggie Clancy) manage this excellent cast and crew (Stage manager Sue Salamida, assistant stage managers Bob McAndrew and Mary Ferguson) made this play the hit of the year and most students agree it was the best two hour comedy this school has ever known!

FOOTBALL CITY CHAMPS

The Invaders pushed into Berwick with a favored, experienced team. In the first quarter Stan Brudnicki INTERCEPTED a a Bulldog pass on the Berwick thirty-eight and took it in for the first score of the game. The gun sounded, BANG, and from that point Berwick lowered the BOOM. Final score Berwick 39 West 12 (What a Quagmire!)

On September 25, the Comet's whizzed into Memorial Stadium (WHOOOF) and cinged us with a burning victory. END of game Abington — 39 West — 0 (Always next game!)

6000 FANS packed Charlie Trippi Stadium to witness the apparent comeback of the Invaders after two losses. West jumped to a 7-0 lead in the first period as quarterback John Jurbala went over from the 2 on a play set up by an interception by Paul Hudachek. The Patriots moved ahead though, 8-7, with two minutes left in the period. West REGAINED the lead with 6-33 showing on the clock, Jurbala passed 6 yards to split end Bob Sparacino to cap a sixty three yard drive.

The Invaders returned for the second half and encountered a tired-up Patriot team. Their outstanding half-back, Jim Cefalo, scored on the second play from scrimmage, with a sixty-five yard foot race. The Pats bounced ahead, 15-13. Later Pittson Area struck again on a twenty three yard pass play. In the fourth quarter Cefalo again hit pay dirt by dashing fifty-seven yards with a punt return. Jurbala again connected with Sparacino for the final score of the game. Full-back Keith Weber went over for the bonus points. (Once again we suffered the agony of defeat.)

COMEBACK: The Invaders' first victory and the first leg of the city championship.

Tech moved sixty-six yards in twelve plays after receiving the opening kickoff. We struck back, however, on a forty-three yard run by Keith Weber on a well executed draw play. Not being discouraged, the Raiders moved the sixty-five yards and the half ended.

After a terrific halftime show, early in the third quarter Coach Donato called for a punt from our 40. Jurbala punted the ball fifty-seven yards to the Tech 4. Making a gallant

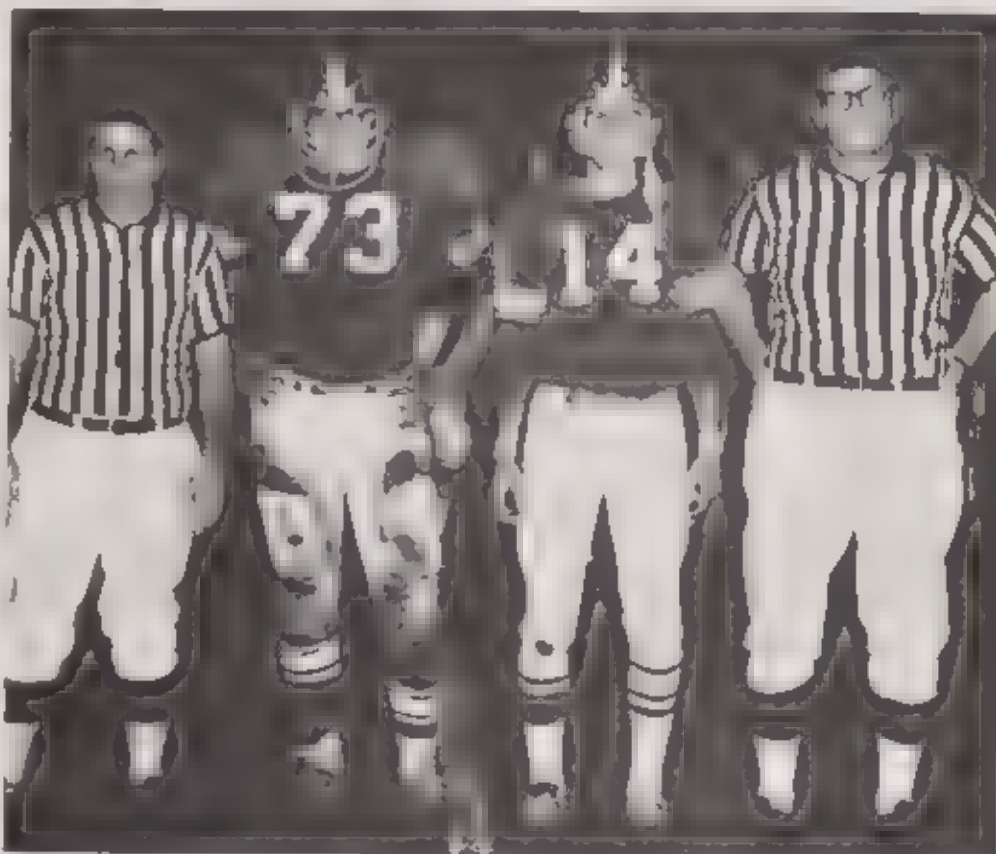

stand, the defensive unit forced a punt. We took possession on the Raider 34, and from this point Jurbala FIRED the pigskin to Dave Davis, who received it on the Tech one. Jurbala then sneaked over for the score. West again BLUDGEONED the Tech defense when Weber smashed over from the 11, a play set up by an interception by safety Jim Kobrynik. The two points conversion was good by a pass from Jurbala to tight end Rich Miluski. Tech scored again but it was too late for any comeback. The Raiders were SCALPED, 21-18 (This could be the start of something BIG)

On the opening kickoff at Riverside, Jack Jones SPURTED to the Riverside 27 yard line. Two plays later Hudachek went in for the score from the seven. Levis booted the extra point. The Vikings followed suit and came up with six points and a successful two point conversion gave them the lead, 8-7. However, a fire burned in our offense and six more points were added to our score. Then the wheels of the defense started turning. Davis intercepted a pass and returned it to the Riverside 20. The next play was a pass good for 20 yards and a touchdown. A two point conversion was good. So far WEST IS BEST

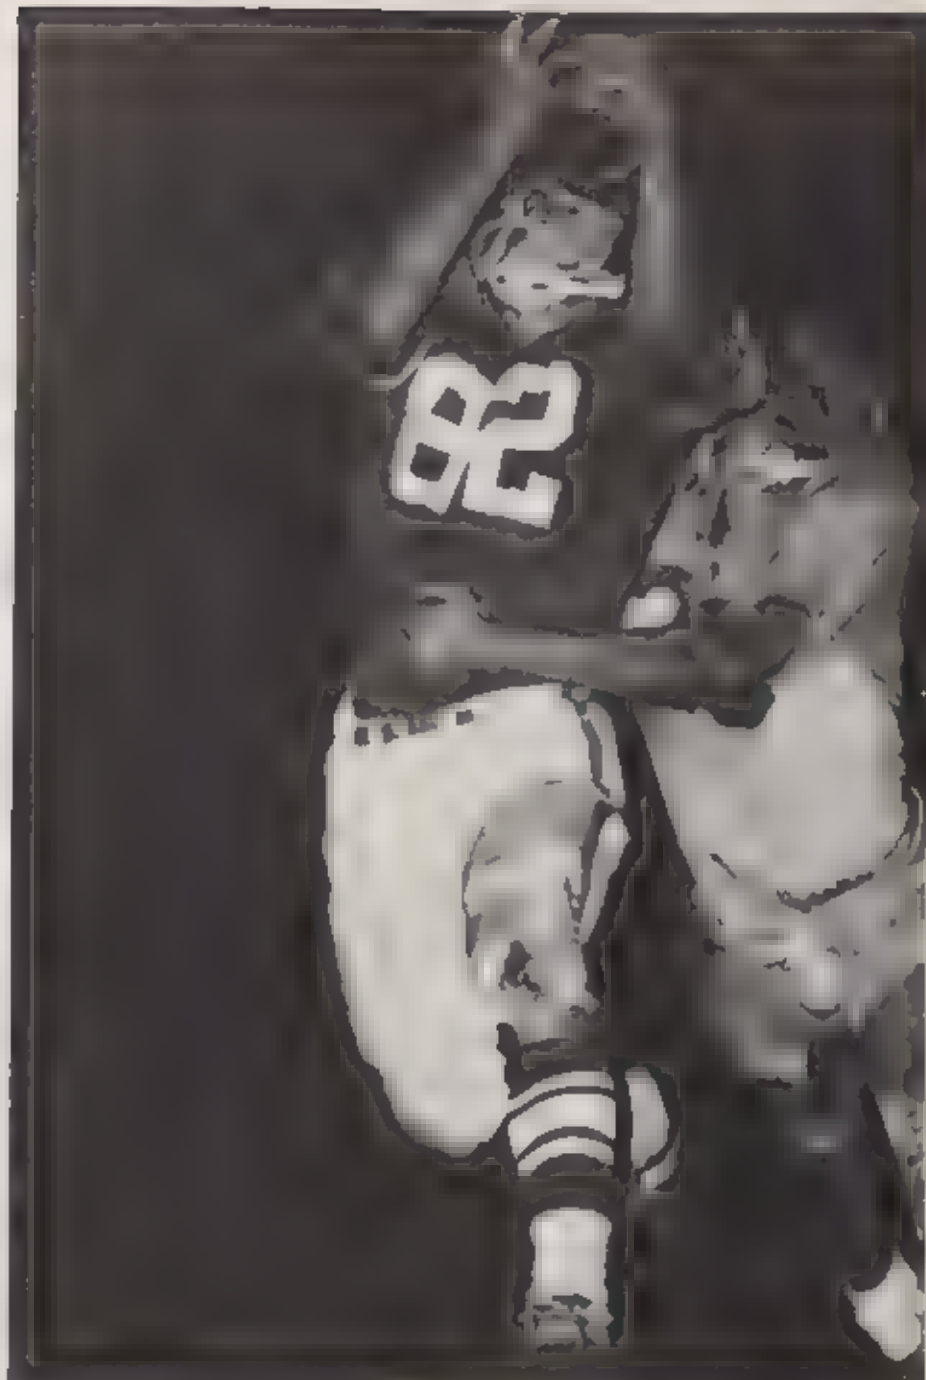

In the second half West had the ball only twice. Riverside's offense was to dominate the rest of the game. With more LUCK than SKILL, they tied the score. The game ended in a miserable tie, 21-21. (What a Bummer!)

The TIGERS struck first from the two yard line after a scoreless first period. The placement boot made it 7-0 and ended the first half. The Invaders were PIPED up for the third period and covered 88 yards in nine plays for a touchdown. The T.D. was a result of a forty yard pass from Jurbala to Davis. Weber crashed over for the two point conversion. We grasped the LEAD 8-7. Four plays after the kickoff we gained possession again and this time Weber lugged over from the six. Jurbala passed to Davis for the two point conversion. The score, 16-7. The TIGERS began the scoring and wound it up with one more T.D. West-16 Tunkhannock-13. Not too close, HUH?)

Our arch rivals for the "BELL" astonished everyone by scoring first in the second quarter. With a stroke of luck the Eagles blocked Jurbala's punt and recovered it in the end zone for the second score of the game. We waited until the fourth quarter to make our MOVE. On a fourth down play, Jurbala hit Davis for 33 yards and a first and goal from the Central one. Weber then bulled over and Bob Stenerud Levis kicked the extra point. The Invader DEFENSE allowed the opposing team only two yards, forcing them to punt to the West 38. On a third down play Weber caught an aerial bomb which was good for 21 yards to the Central 14. With first down, and only 15 seconds to go, Jurbala saw Davis SPRING free from his Central defenders, resulting in the final touchdown of the game. The conversion attempt failed but we led. As the clock ran out, the score remained 13-12. Ha, HA Central and Tech. It's our turn to RING the RAILROAD BELL trophy.)

The Invaders marched into Old Forge with the city championship under their belt. Neither team was able to do much running but we scored on two passes.

In the second quarter, on a fourth down play, Jurbala hit Davis for a 29 yard touchdown. Levis made the conversion. We had the LEAD, 7-0.

Late in the third period we again started another drive. Setting the machine into motion from our own 19, Sparacino topped the drive by grabbing a 30 yard touchdown pass. Levis added another point to end the scoring for the remainder of the game. Final score, West 14 Old Forge 0. (We might just have a winning season.)

After an encouraging win over OLD FORGE, the Invaders wanted to put out Valley View's burning winning streak. Marching into Memorial Stadium as high as a kite, the Invaders as underdogs, were about to give one of their hardest fought games of the season. Valley View was first to light up the scoreboard by taking the opening kickoff all the way. From this point the Invaders held the Cougars for the next three series of plays. An inspired Invader offense, anticipating a win, moved the ball well, scoring in the second period. The score was set up by a pass from Jurbala to Freshman Lou DePalma, a play that covered sixteen yards to the Cougar one. From there Hudachek took it over for the score. The extra point was successful and the score was KNOTTED at 7-7. The Cougars took the lead just before the half ended by scoring another touchdown and making the conversion.

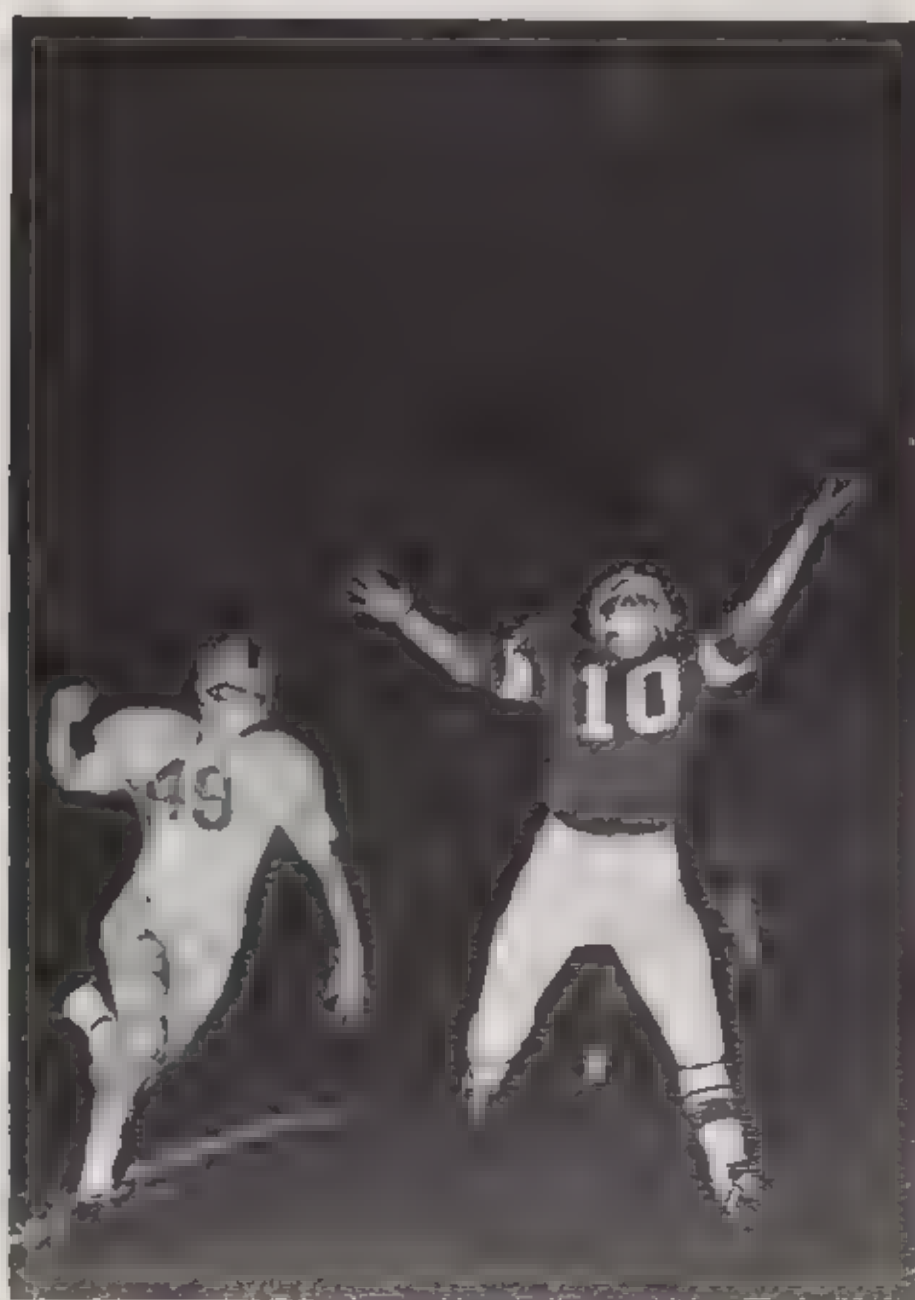

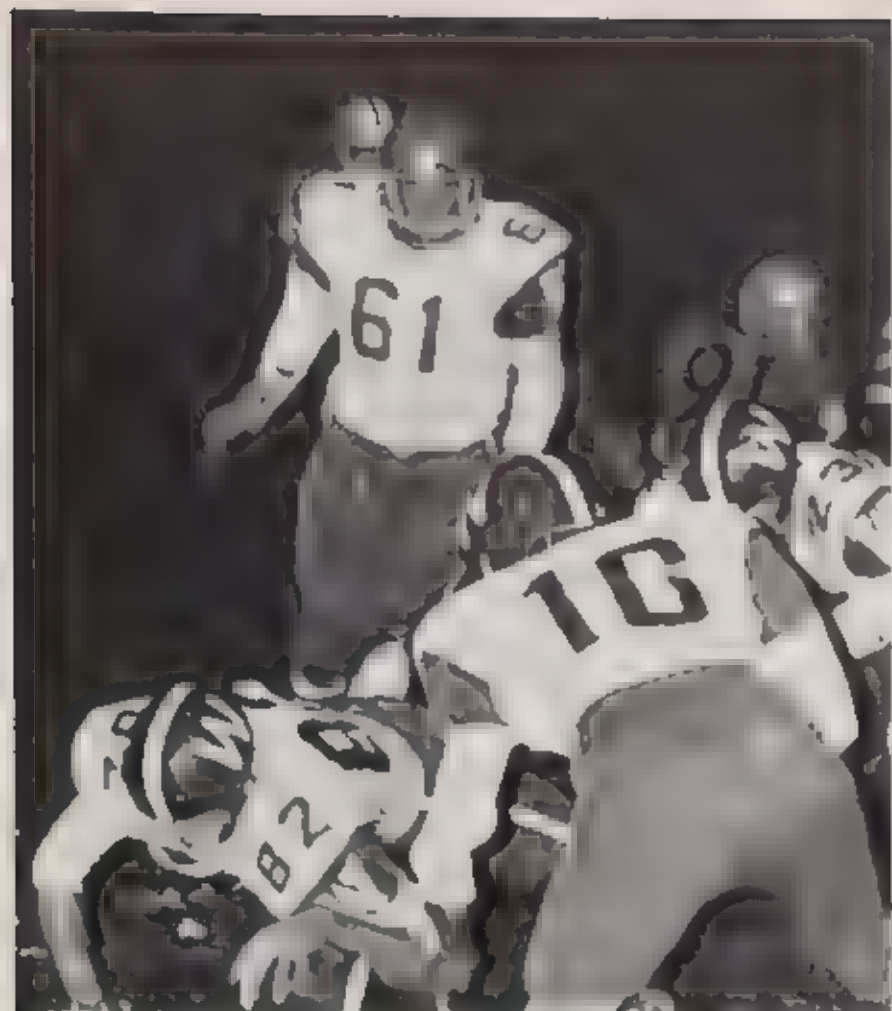

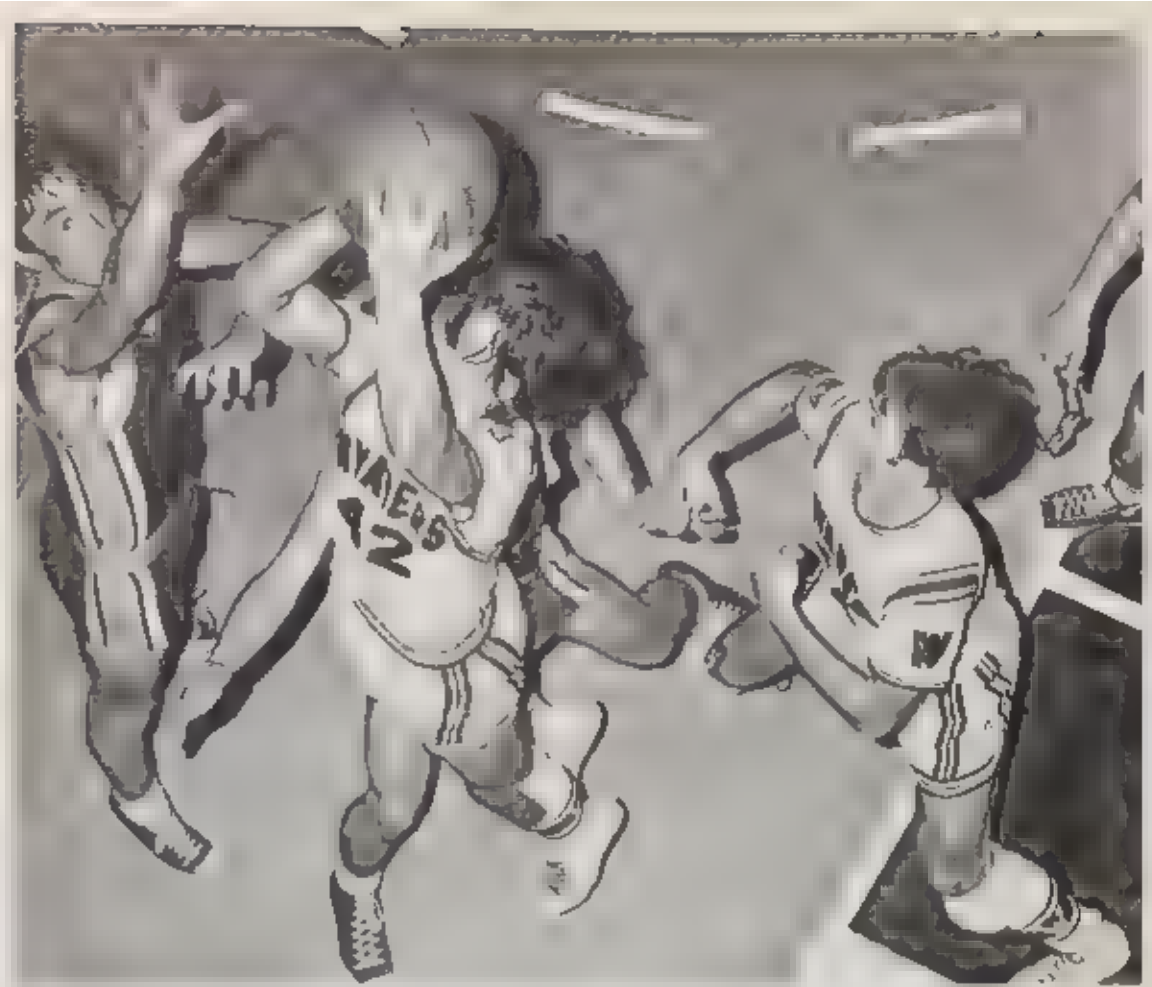

After receiving the opening kickoff at the second half West hit Valley View with an aerial attack which moved the offense eighty yards down the field. Three times the offense pushed until the Valley View defense had its back against the wall and we pumpled. Three other times the offense pushed the Cougar defense but they also resulted in fumbles. Although we gave a hard fight a rough Valley View team resulted in our downfall. Score 37-13 (Actually, we defeated ourselves!)

Our final game with Dunmore after a somewhat DISMAL Season turned out to be a bummer once again. Playing on mud up to our ankles the Invaders and Bucks put on an exciting exhibition for the course of the game. Following a rather wet first half in which neither team had scored Dunmore managed a touchdown with fifteen seconds left in the third quarter. A conversion for two points succeeded and little did anyone realize just how much it would mean at the close of the game.

In the fourth quarter the Invaders scored on a twenty-one yard pass from Jurbala to sophomore Gary Van Fleet. The try for the two point conversion resulted in rotten luck once again as Jurbala slipped running around the right end. (We suffer the agony of defeat for the last time, in this season, anyway!)

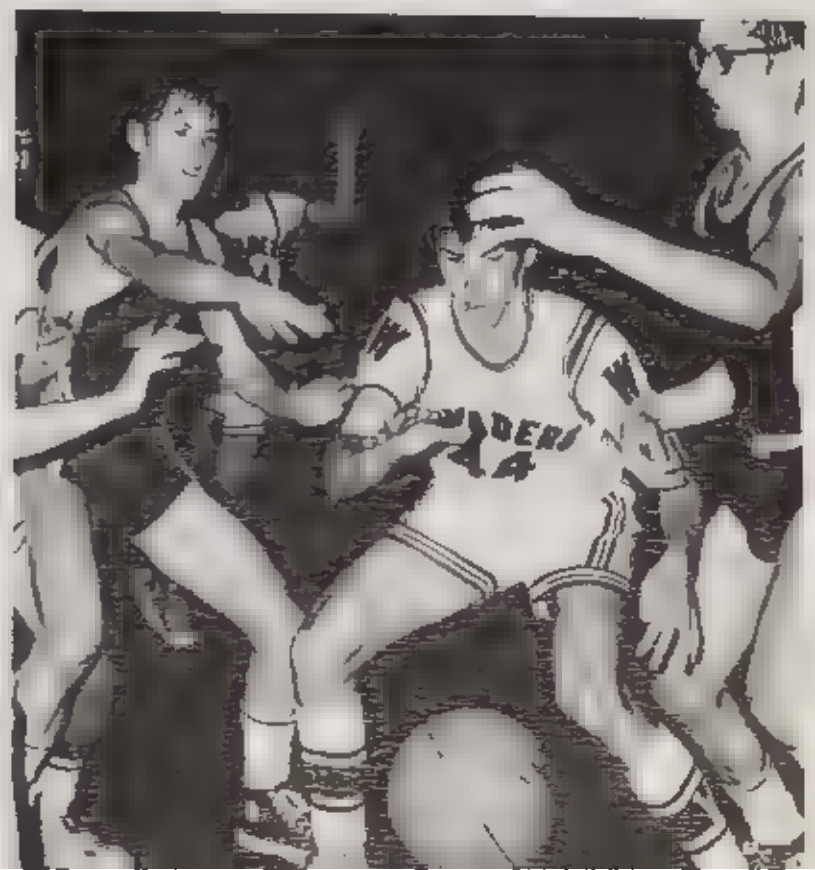

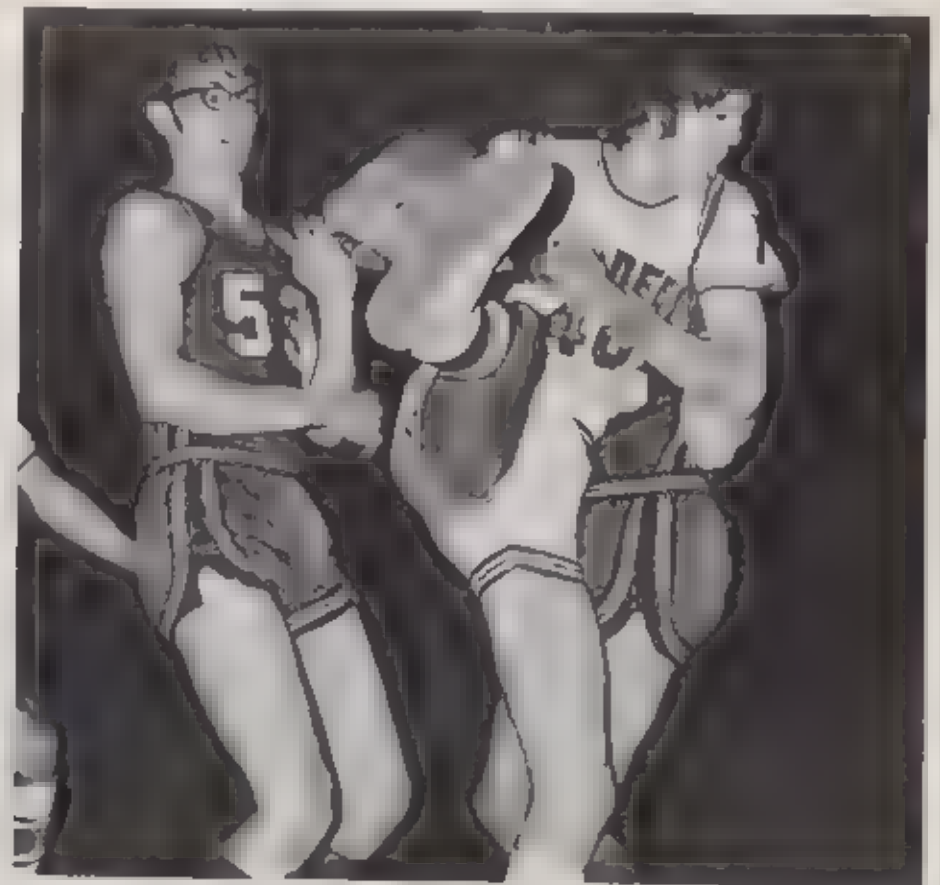

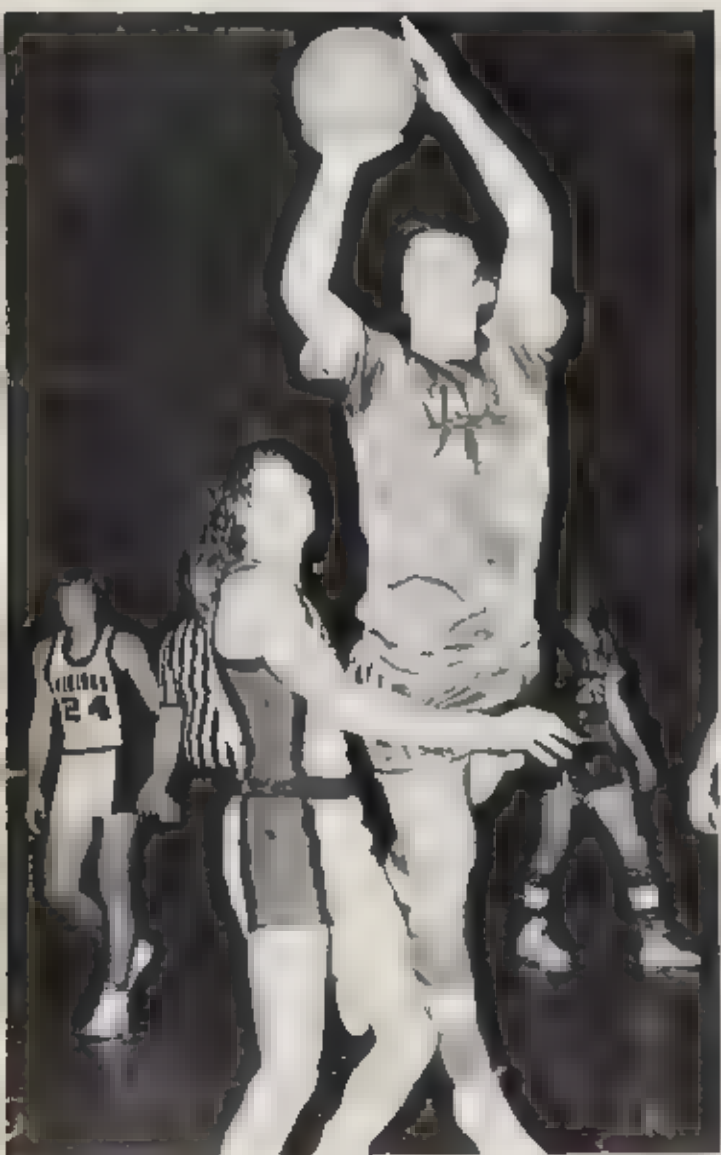

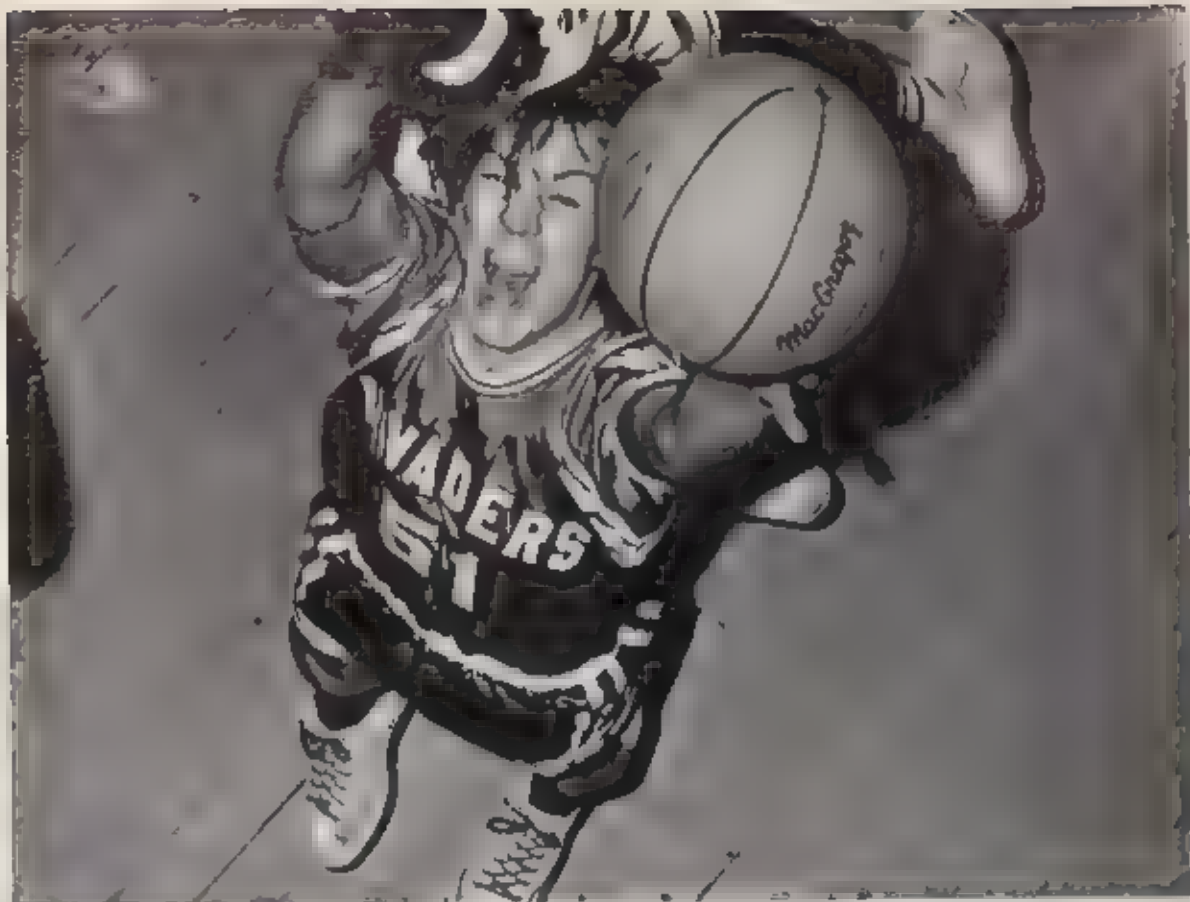

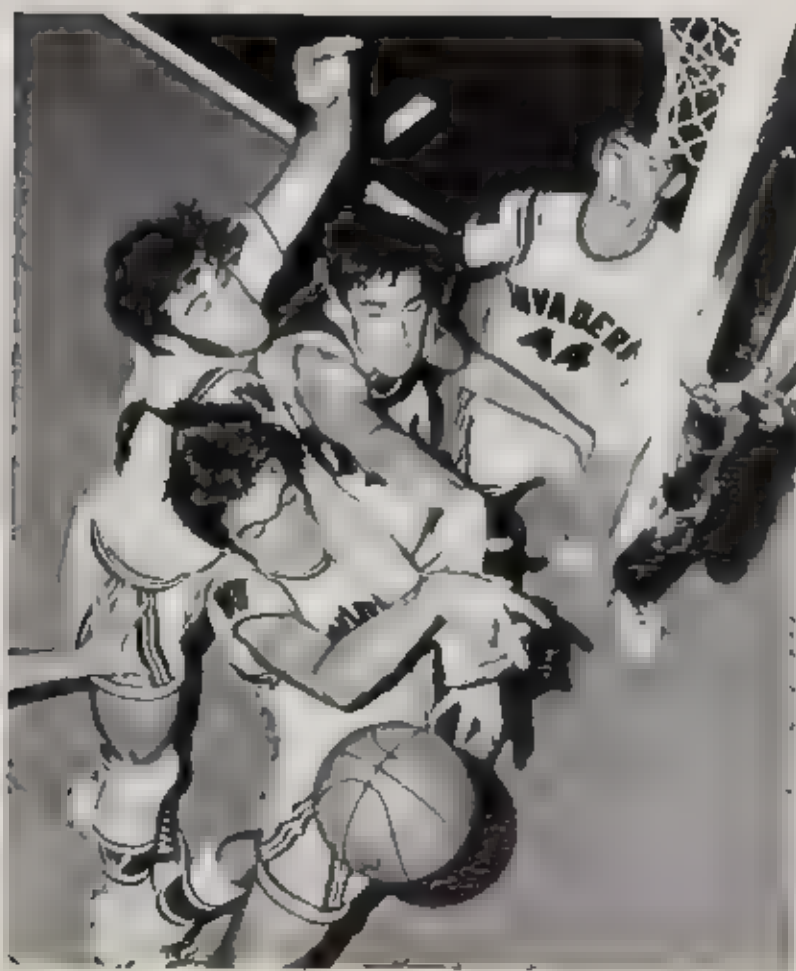

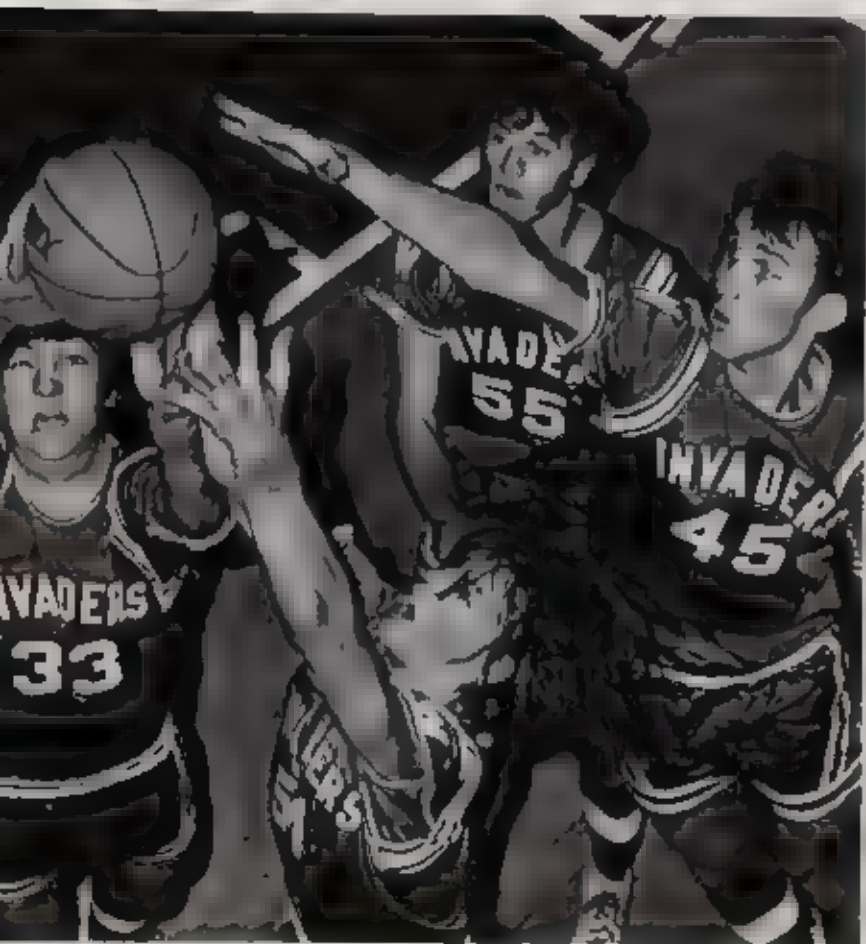

Basketball

The Invaders basketball season turned out rather disappointingly in the eyes of many with four returning letter men the forecast of a good season was in everyone's mind but as usual a break here and there cost the team quite a few close games. The starting team consisted of Dennie Lyons, Mark Suchter, John Jurbala, Frank Massino and Bill Lehman.

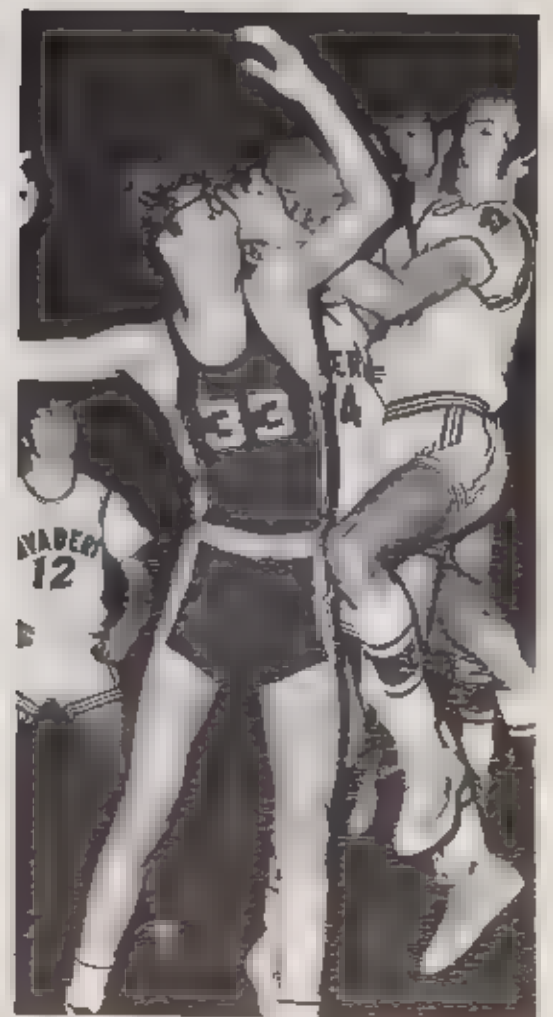

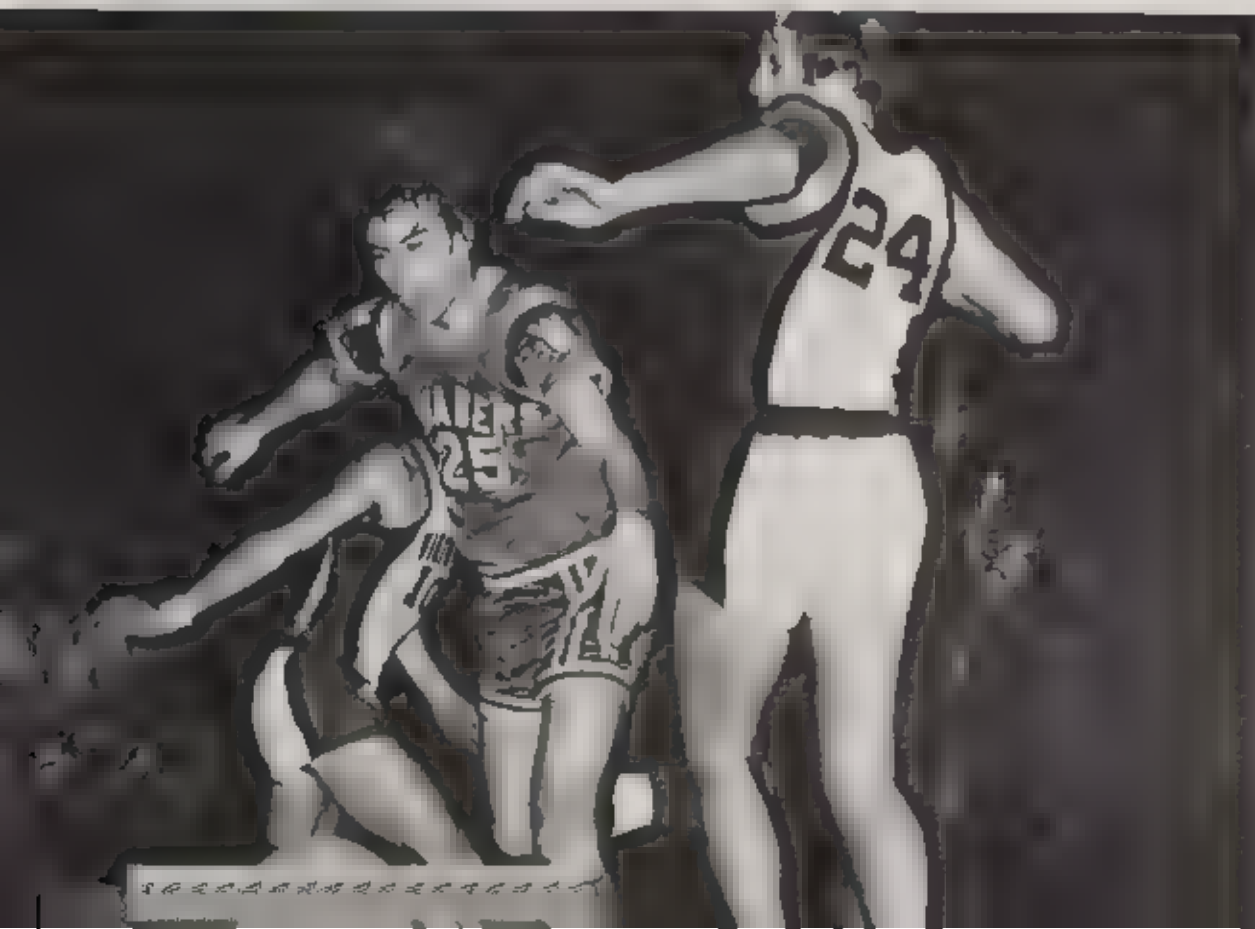

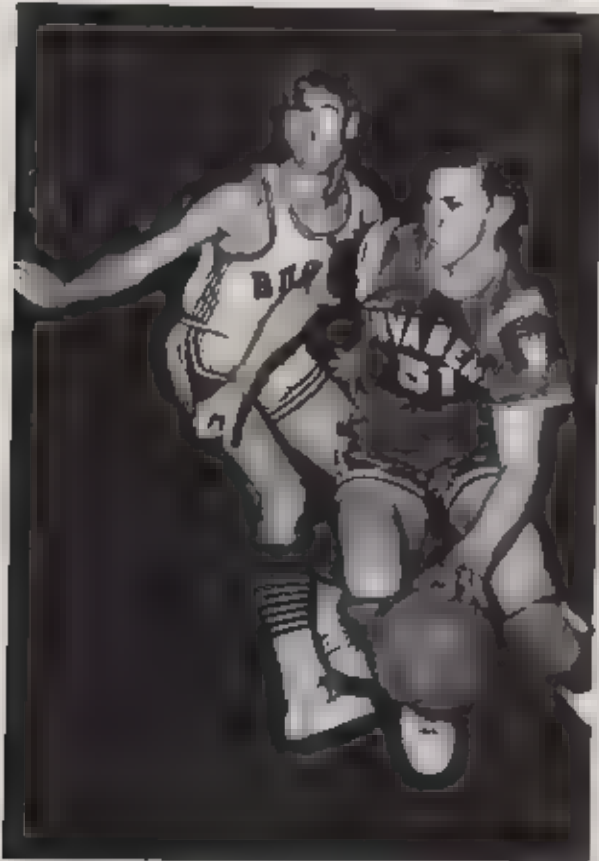

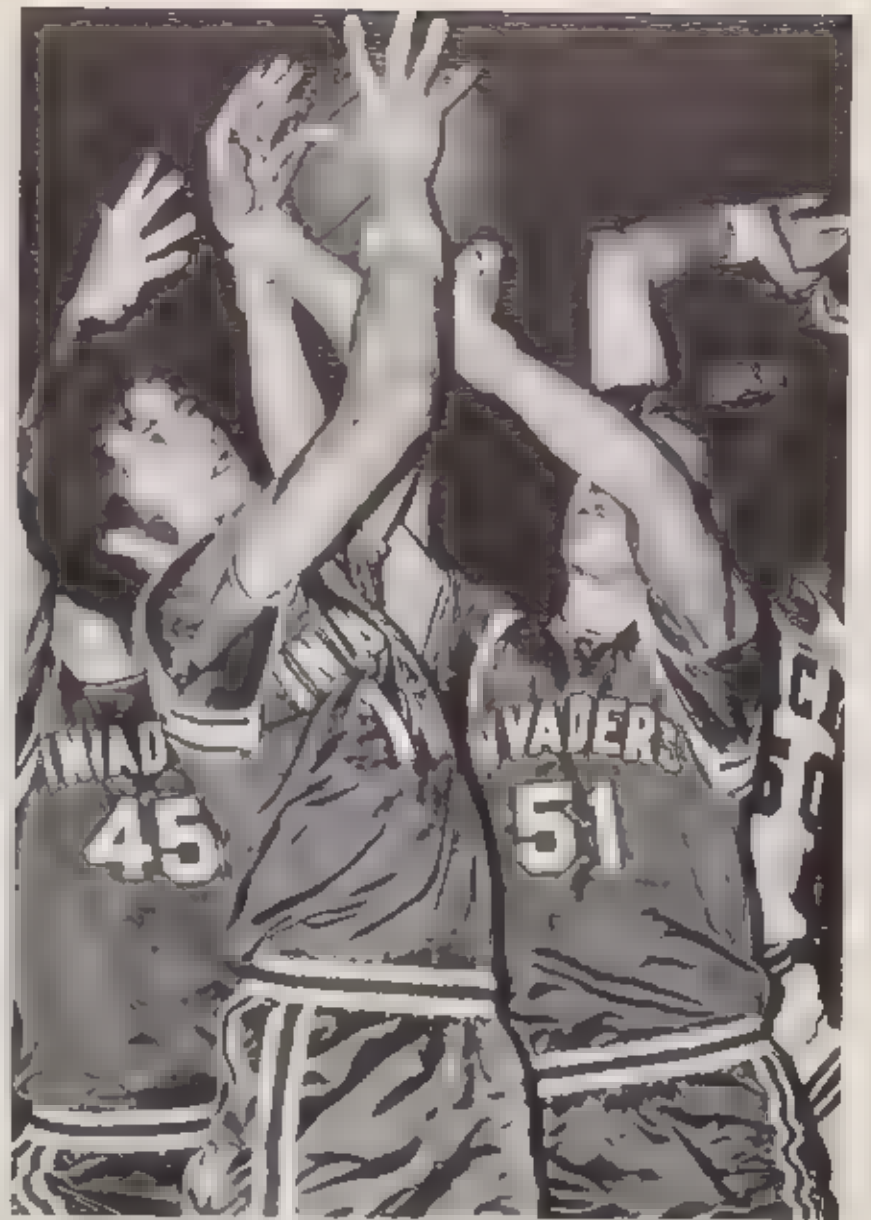

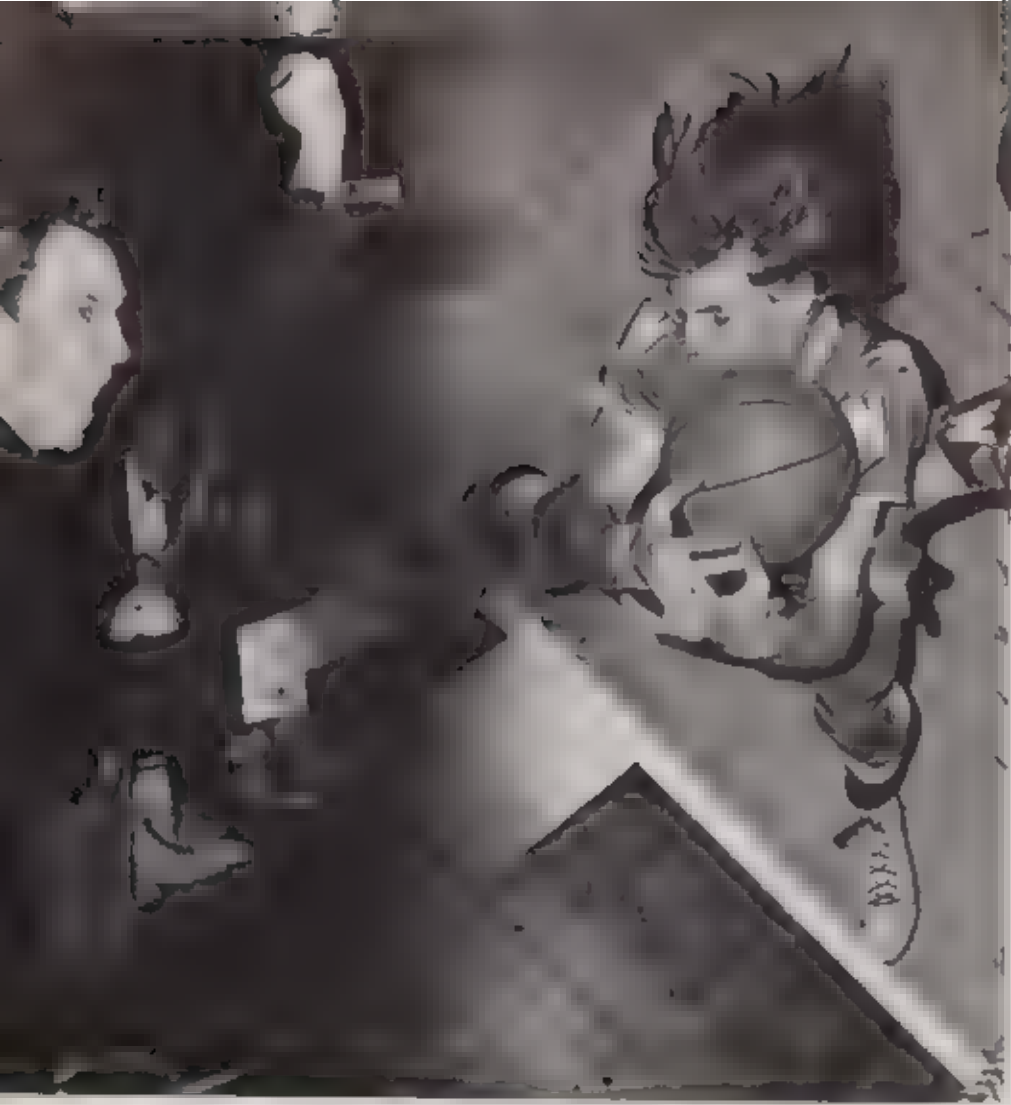

Lyons, Suchter, Jurbala, Massino, sixth and seventh men Bob Arvonio and Al Augelli were all seniors and comprised the bulk of the team. As the season progressed we started to gell more and more. At the end of the first half West had managed only to place fourth in a rather poor league but in the second half it was quite a different story. We took a second place slot being beaten only twice. Although we didn't win our league championship, we managed to win the Class A crown and earned the right to meet Wyoming Area for the semi-finals in the District Championship. Fortunately we won and got to play Nanticoke for the District Championship. It was a close game all the way but once again we came out with the short end of the stick and lost by five points. We had one more game after this and a chance at the state title because the playoffs were double elimination. The game was against Central Dauphin High School at the Hershey Farm Show Arena. It was a poorly played game marred with many turnovers. When the final buzzer sounded, it not only ended the game, but a dismal season.

Wrestling

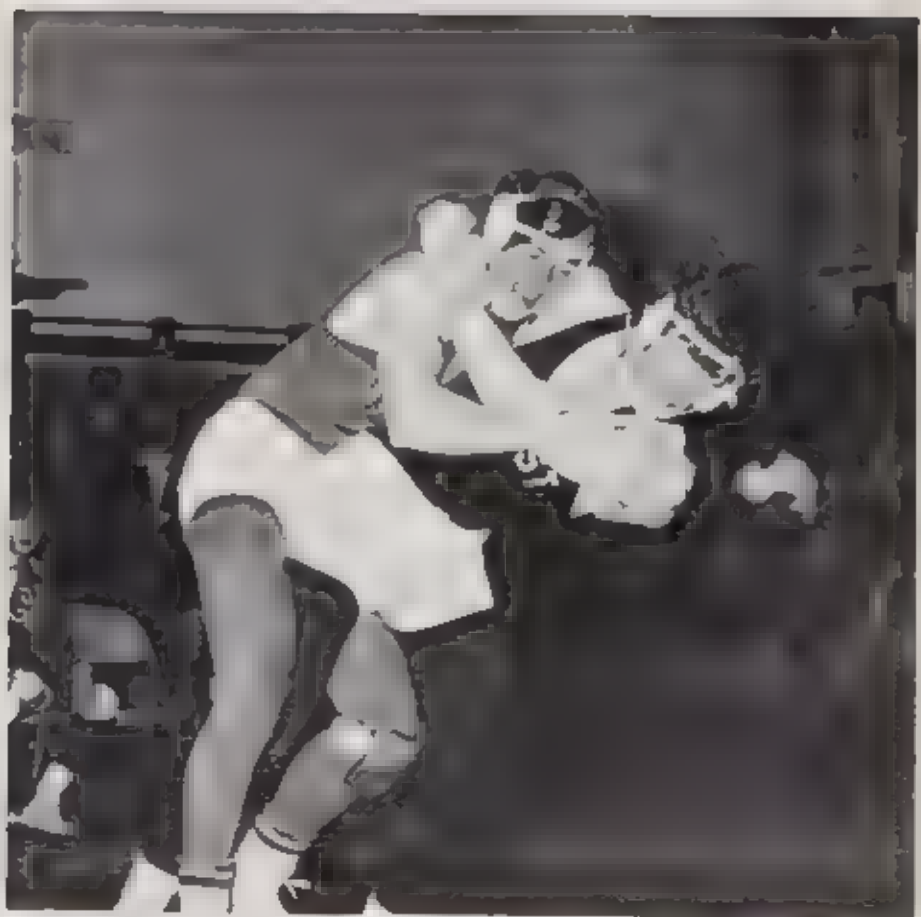

West Side Wrestlers became the first of the city schools to have an undefeated season since the sport was introduced four years ago. Coach DeAntona attributed many of our wins to the dedication and the all-around physical condition of the boys.

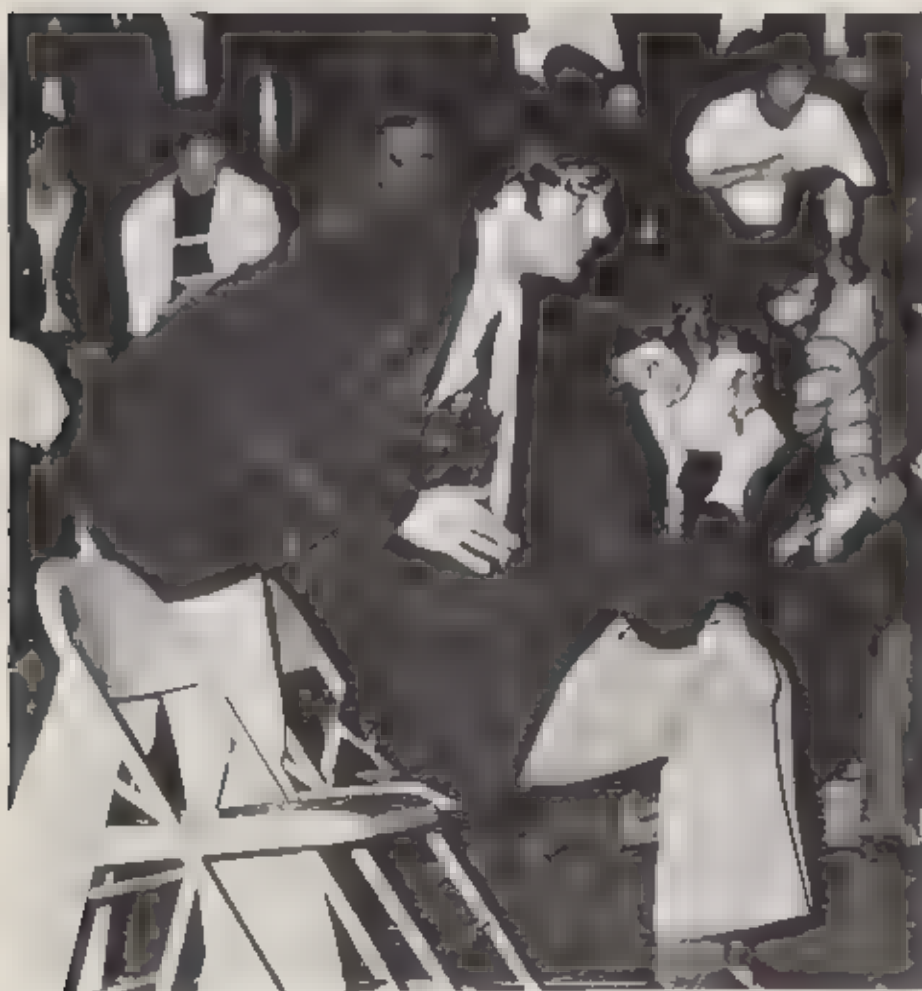

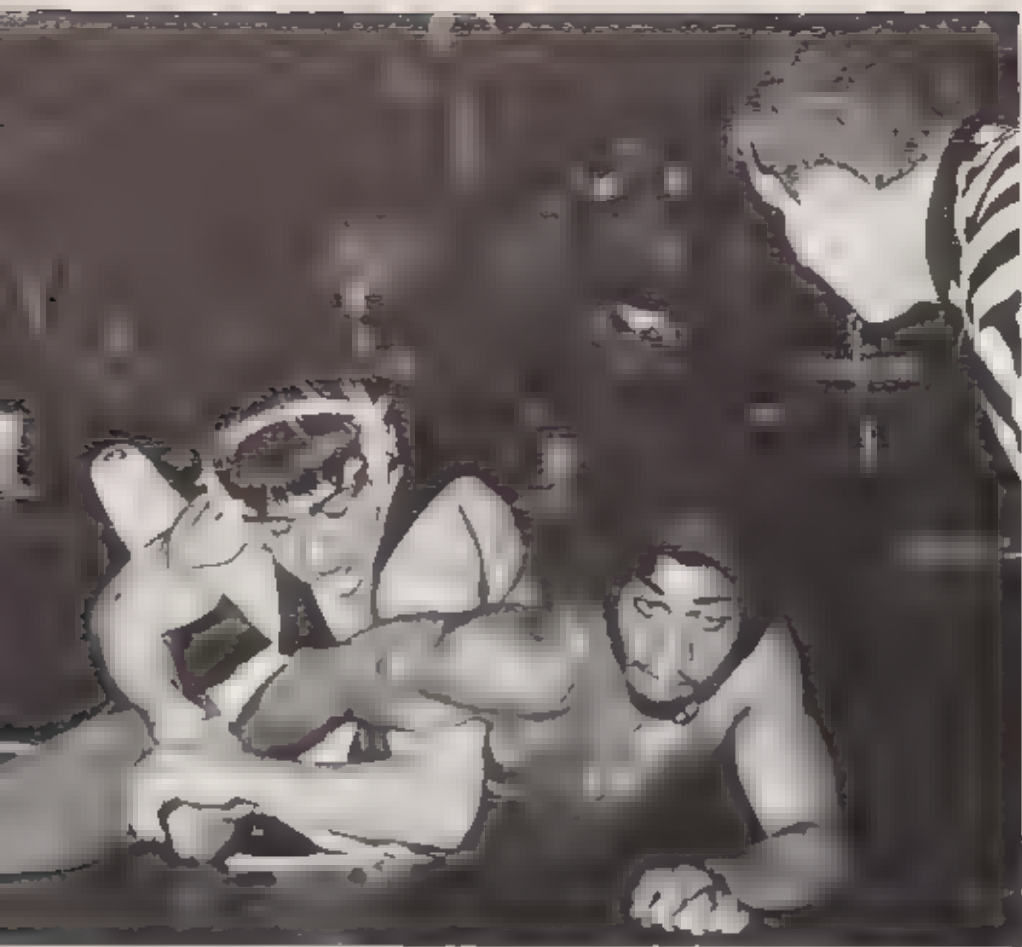

Five wrestlers remained unbeaten for the season.

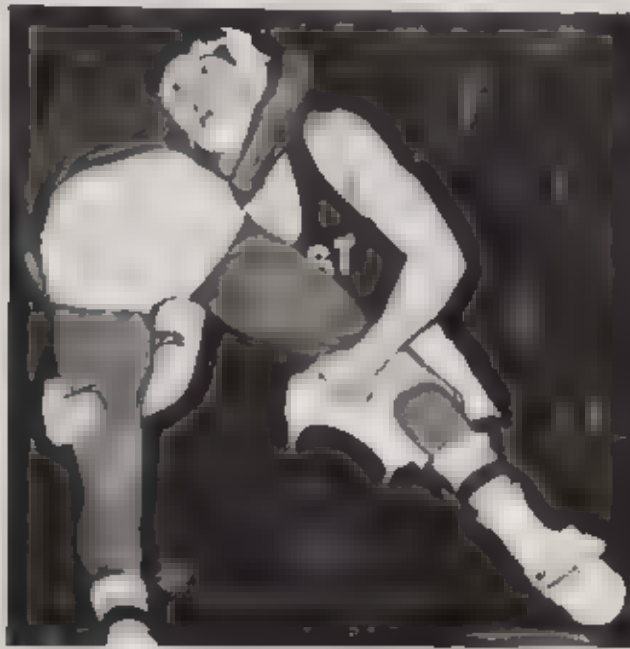

Sean Gavin, Senior; Jim Kobrynich, Senior; Jim Connors, Junior; Jerry Coyne, Senior; all boasted a 10-0 record. Sandy Quatra, ended the season with eight wins and one draw.

The enthusiasm of the fans for wrestling this year, made it more evident that in a few years wrestling will be a big sport as basketball and football at WEST.

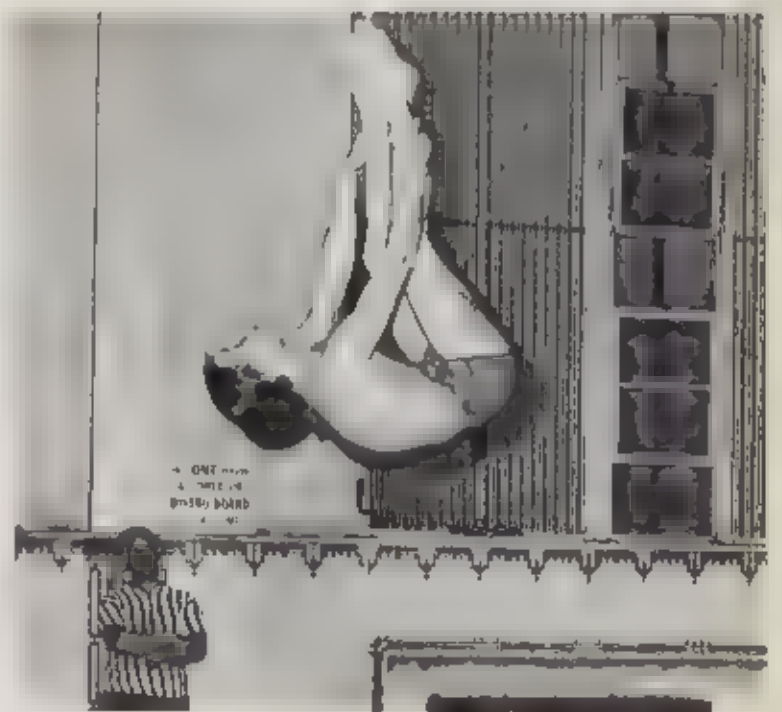

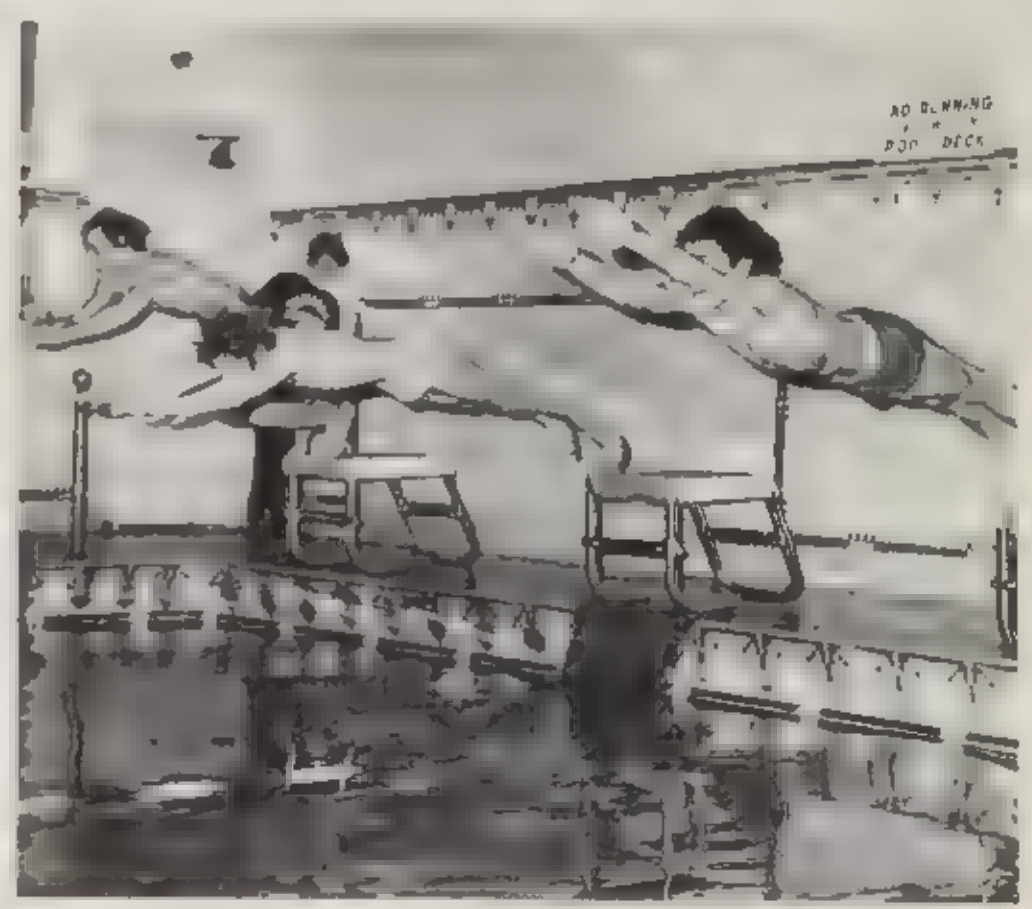

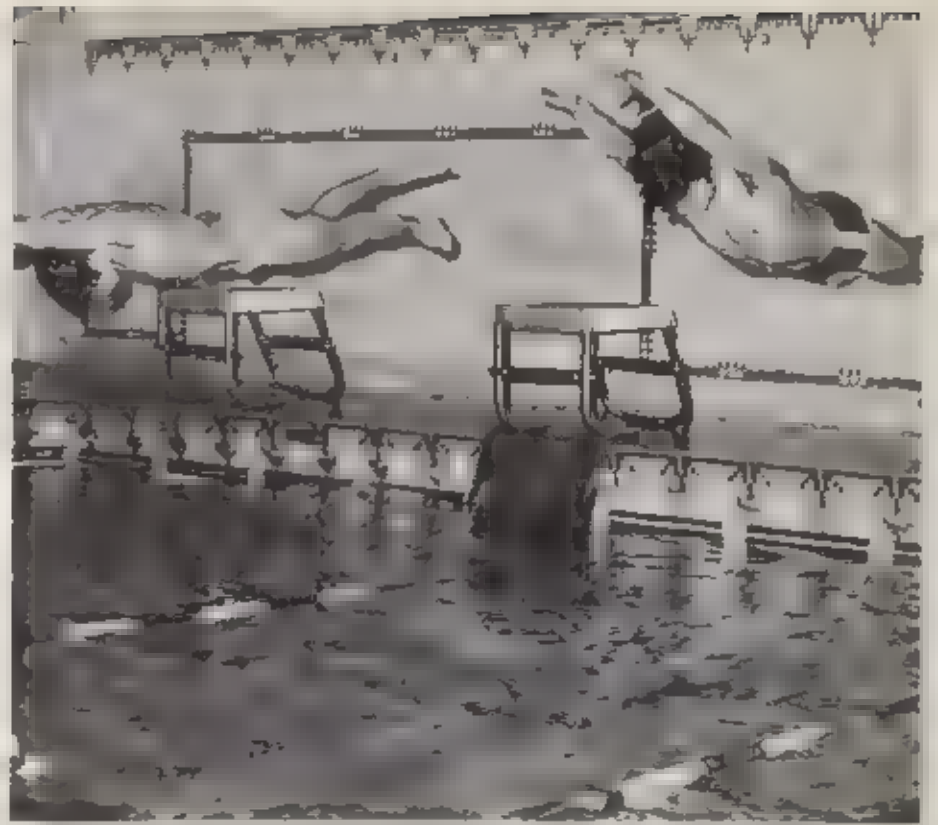

Swimming

Golf

West Scranton posted a successful 72 golf season by winning six out of eight matches. Outstanding player was Rick Dixon, with a 6-1-1 record and a total of 18 points. Dave Williams selected to the All-Star Team was undefeated winning six and tied two and collecting 20½ points, highest on the West Team. Another prominent golfer was Joe McNamara, who collected a 5-2-1 record and a total of 15 points.

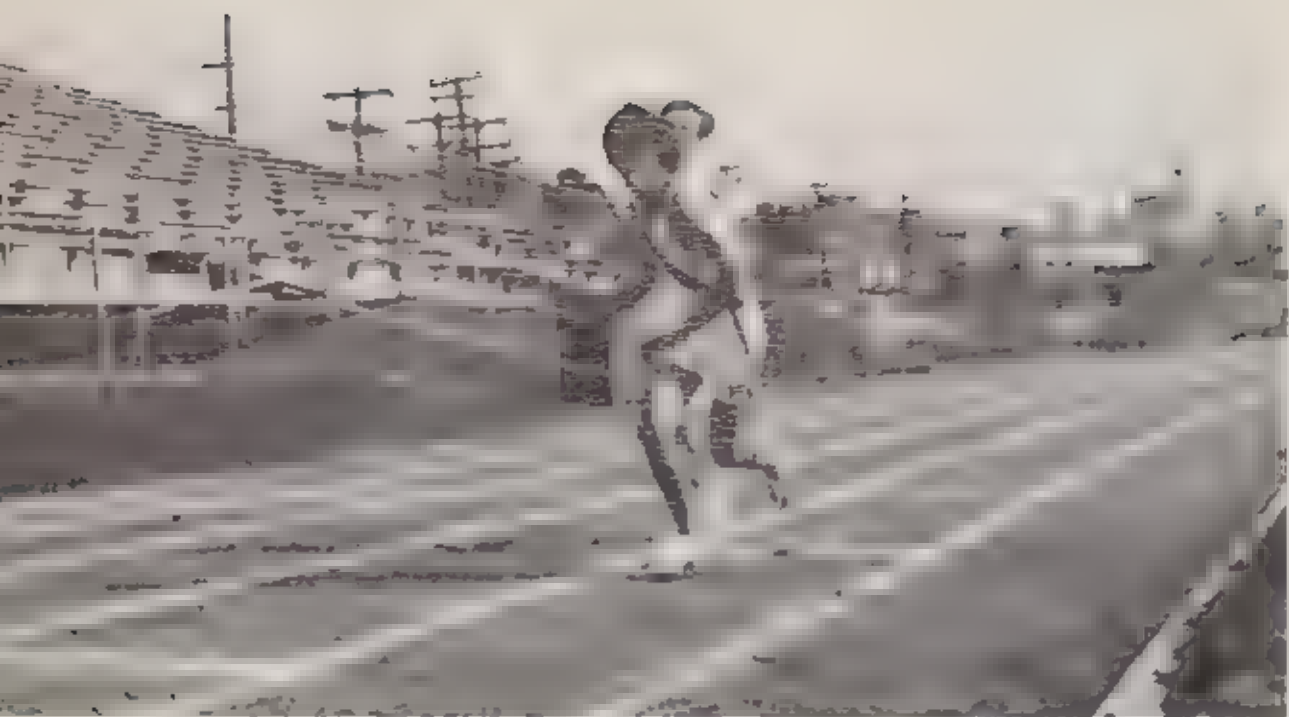

Returning next year will be Dave Williams, Joe McNamara, R. J. Kennedy, Brian Beppler, Robert Davis, Brian Jenkins, Rich LaRussa and freshman star Joe Mushinski who was 4-2-0 on the season and won 12 points.

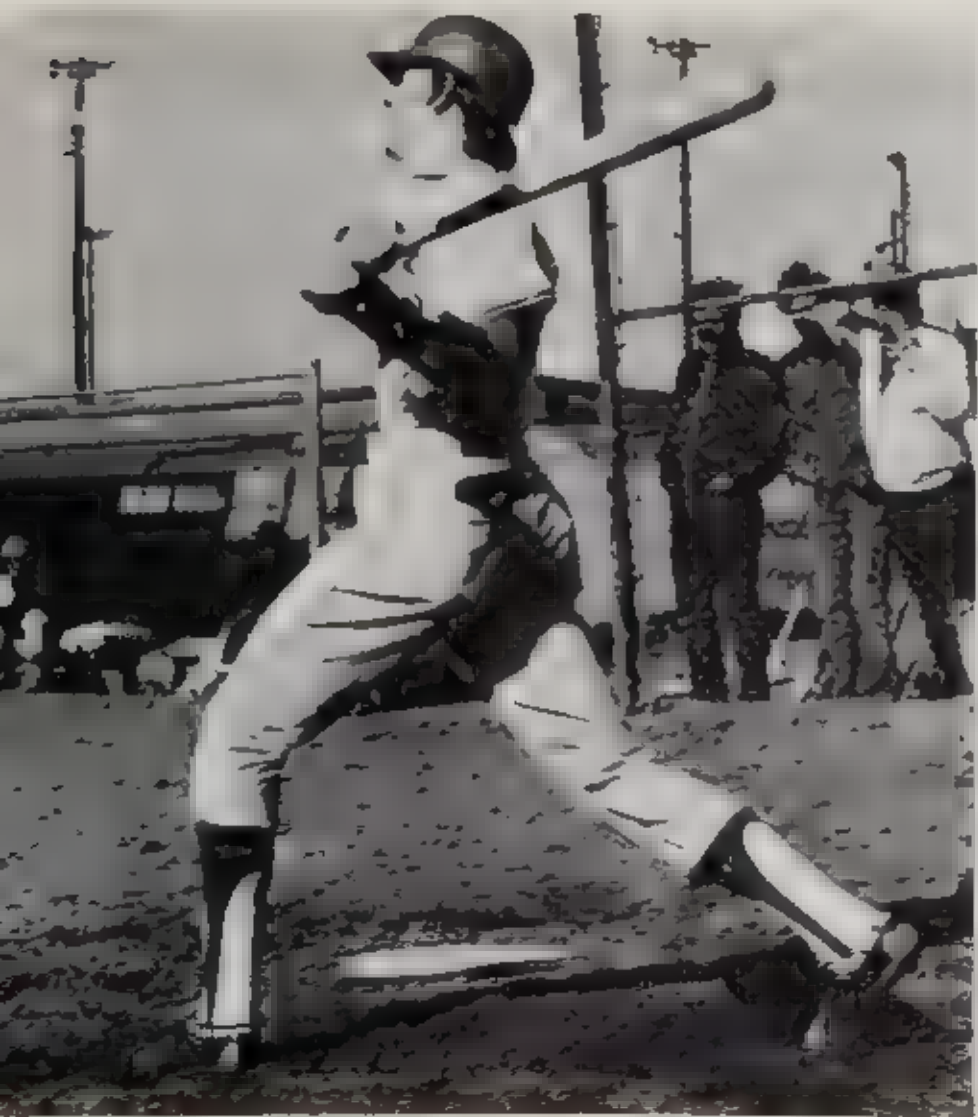

With these returning lettermen, West ought to do well in a difficult league.

The Rod and Gun Club, formed in 1970, is a different type of club. It was not formed as a money making club, but rather a fellowship club. It was an informal group of young sportsmen, who through a co-operative effort, helped make the fishing and hunting seasons, profitable and enjoyable for all. There were no officers, but the key members were Joe McGrath, Tim Langan, John Tondora, Alan Capinagro, Al Crothamel, Rich Uffalussy, Donna Hoehner, and April Rosencrans. Mr. DeFietas served as moderator.

Class History

The time tunnel is here at West
To take us back to the years that were best
We're scientists as you can see
And here to read our Class History

We start in the year '66
And here we begin our mischievous tricks
In seventh grade we enter West
To find the auditorium we did our best

Seventh graders all of us
Creating in the halls a fuss
To find our room was filled with confusion
With everyone fussin' and everyone fussin'

Norita Walsh was heard by all
With her voice echoing through the hall
The cafeteria was the place
For **Jo Ellen Cottone** to feed her face

A tired tiny boy is coming into view
Why, of course, **Jimmy Tutino**, it's you!
On the second floor he looked in each door
For room 103 only to find it on first floor

Seventh grade babies are now in the past
In 1967 we're in eighth grade at last
A brand new couple made the scene
Barb Zilenski and **Ricky Dixon** were quite a team

This is the year we made advances
And first started going to dances
"Jack and the Rippers" were the # 1 band
With **Carol Arvonio** there to give them a hand

Sally Liples made her first 99
With **Paul Mryozka** close behind
Another brain we were soon to find out
Was **Elaine Sporko** without a doubt

Cindy Gallucci was buzzing like a bee
When at San Suey **Bobby Nichols** paid her fee
Another couple we were sure to see
Was **Lynn Reese** and **Tom Mackin** as happy as can be

Sophisticated freshman, carefree and proud
We became part of the maddening crowd
Main avenue was our hot spot then
But our curfew was always set at ten

In the cafeteria during a study hall
Mary Jennings had quite a fall
Burson Beppler you were sure to see
Shooting paper wads at Mr. G.

Miss Scaringi did her best
With "Brigadoon" she passed the test
A standing ovation she was rewarded
And in our history it remains recorded

Fourth period girls do you recall
The time you got paddled one and all?
Lined up by your numbers you got hit
A beautiful wack right where you sit!

Cheering and twirling try outs finally came
And West never remained the same
Two lucky misses were picked this year
Nancy Hill and **Mary Kay Warner** to give us a Cheer

Pom Pom girls were also selected
Terri Pocious and **Joanie Kincel** were surely
NOT rejected
Flag twirlers also made the scene
With **Kathy O'Hearn** doing her thing

This year we were sophomore so peppy and gay
We expected to do nothing else but play
But we were mistaken and soon found out
That our teachers meant business without a doubt.

Always together never apart
Debbie Parker and **Frank Perritano** got their start
The arrow of cupid made a match
And **Cathy Bvers** was **Billy James** catch

Here comes a gal in a new dress
Who it is we all can guess
It is a model for Vogue or Seventeen?
No, it's **Cathy Arlandis**, our own fashion queen

He's known for being both quiet and shy
The girls admire **Sandi Quatra**, the greatest of guys
Two friends who always came through
Annette Leombruni and **Debbie Gibliaro**, the unseparable two

As **Liguoria Durkan** walked with her wig on her head
Joe Donahue nearly dropped dead
Joe McGrath went from BoJo to Mudd this year
 He departed from this without a tear

A new invention was created at West
 The computer dance failed the test
 But did our computer really lie
Timmy Carrara and **Susie Gardula** went out with pride

The basketball team this year gave us fame
 To Harrisburg they went to win the game
 We put up a struggle even though we lost
 But our basketball team will always be tops

We were all growing up to our first big event
 The starlet ball came and most of us went
Pat Donahue appeared in her formal attire
 And set **Jim Mangan's** heart on fire

We endured plane geometry
 And went on a memorizing theory spree
 Biology wasn't so bad
 But **Carol O'Connor** thought it was pretty sad

Our track team was really grand
 With **Sean Gavin** lending a helping hand
 And our swimming team was pretty cool
 When **Eddie Gower** dove in the pool

And Miss Burnett we'll never forget
 Her red shoes are on her vet
Ellen August will never forget the day
 She heard, "good day Miss Shea room 215-A"

Remember the day we hear a curse
 When **Pat Scott** opened up her purse
 A dissected frog was laying there
 The sight was just too much to bear

Silas Marner was a tale
 The test **Nancy Kutneska** refused to fail
 She read the cliff notes without a doubt
 Until Mrs. Padden found out

Kathy Kearney got a glow
 When she went out with **Ben Lowe**.
 And **Mazie Gallagher** was happy at last
 When she found out Latin she passed

Hearshy Park was really fun
 We all paired off one by one
Barbara Evans created a fuss
 When she almost missed her bus

Years will come and years will go
 For as sophomores we made our show
 The ladder of success we did climb
 We were now Juniors at this time

Our football team did not lack
 Due to the skillful plays of **Allan Shevak**.
 Another West player achieving great fame
 We all know him **Dave Orzell** is his name

At selling candy we tried our luck
 We really needed to make a buck
Frank Ottone dissapointed us all
 For not being on the ball

A little girl we finally found
 Even though tiny she gets around
Paula Layborn is her name
 We think she's great just the same

Butchie Kowalski let out a scream
 When in typing he broke the machine
Patti Huber came alive
 With her singing career she started to give

In Drivers Ed Mr. Guadenzi nearly turned white
 When **Kathy Nicasia** went through a red light
 The passengers took their life in their hands
 When **Judy Gowka** was at command

This was the year for the Iowa Test
 Everyone thought they were quite a pest
 For some they proved to be such a flop
 But **Lucille Magnotta** came out on top

Michelle Santinello our own little bunny
 Ate carrots at lunch to save her some money
Fergy and **Ralph Jenkins** had some plans for the shore
 When they came back they wanted more

On our finger we wore glimmering rings
 To prove our seniority for next years things
 Even though these days were our last
 We know they would never be surpassed

Navy Aug was the place for invaders to meet
 They climbed to avoid the use of their feet
 Two people that were never seen up there
 Were **Arthur Noone** and **Jim Clapps**, they didn't care

That faithful day had come to pass
 We were Seniors now at last
 We walked to school proud and gay
 Remembering that this was our last first day

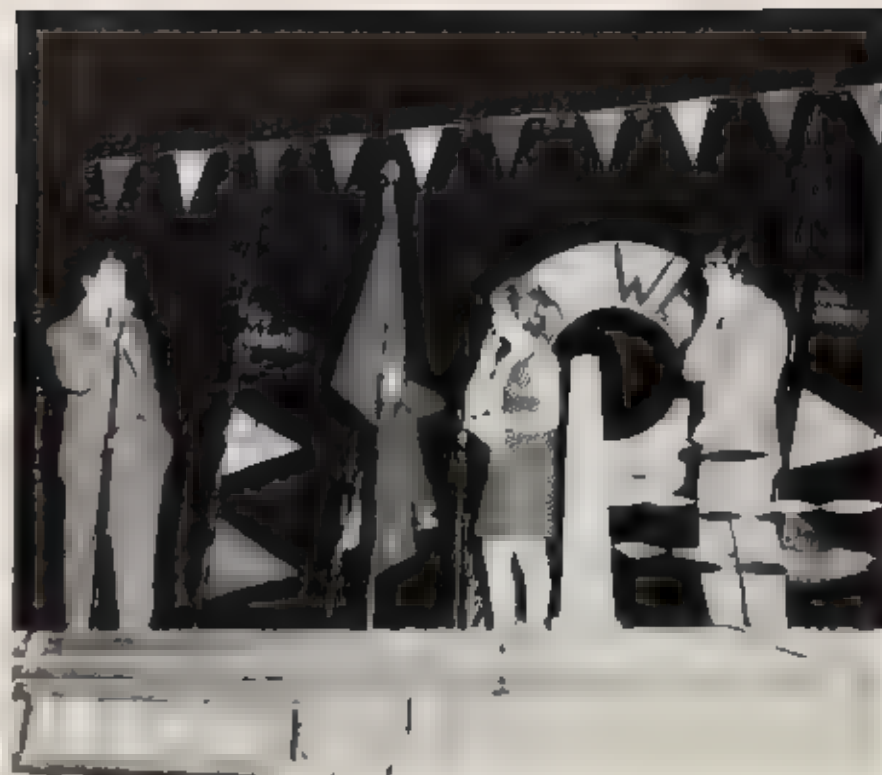

The hayride was really first rate
Bonnie Shelp and **Kevin Welby** thought it was Great
Gary Francis got a marshmallow put down his back
 And **Mark Suchter** hit it on with one solid wack

Gloria Geda made her dream
 When she became Homecoming queen
 Snow came down upon the ground
 When Thanksgiving came around

Everyone was delighted
 When **Karen Howells** got her diamond
 This made **Melani Colisimo** blue
 Until she got one too

The Christmas Party was a blast
 But for **Ann Marie Duffy** it ended too fast
 When on the other side of town we see **Wartel** running
 around

Entering the Lib was really a chore
 With **Colleen Wademan** and **Mary Beth Gedman** blocking
 the door
Mary Jenkins started the style
 With the shag hair cut lasting a while

Seance freaks reigned at West
 With some of the parties were the best
Debbie Ciccone went into a trance
 When **LuAnn LaRussa** started her chants

The basketball team limped onto the court
 With the crutches that they used for support
Dennis Lyons this year was made known
 And his good ability was shown

Our senior officers were selected
 And **Jim McConologue** was elected
Jeff Parlo also deserves a hand
 For being Jimmy's right hand man

At baseball games everyone would cheer
 For **Al Augelli** was a name you would hear
Frank Massino was also great
 With **Tommy Sack** as another team mate

Dori Koch was awarded without fear
 The title of Miss Invader for this year
 We stand up and give you a hand
 We realize you did just grand

On our Career Day **Debbie Lehr** is excited
 And at her destination **Debbie Davis** is delighted
Mary Lou McNulty and **Donna Martin** wanted to teach
 So grade school was the destination they did reach

Honor Society induction came
 And on the list **Donald Norton** found his name
 When we had elections **Barry Thomas** entered the race
 And won the Presidential place

Known for parties
Quite a few
Renee' Bulgers parties are the ones
We're mentioning to you

On New Years Eve
Down on the couch
Andrea Olenich was
Quiet as a mouse

From dawn to dusk
The party remained
And **Renees'** house
Never was the same

Once again it was formal night
The girls in their gowns were quite a sight
Music and decorations added to the scene
As **Ann Marie Richards** was crowned Queen

JoAnn Pace could have screamed
When her gown left loose a seam
Jimmy Kobrynich lends a hand
When he gave his coat to **JoAnn**.

Our wrestling team was supreme
As **Jerry Coyne** led the team
He was undefeated this year
We all salute you, **Jerry** with a cheer

A girl who's got the gift of gab
Paula Patchosk talks about a Central man
Marion O'Hara was another traitor
When she sat with Centrals Players

Senior pictures are delayed
With **Margaret Thorpes'** beads leading the parade
But **Rosanne Wolk** was really smart
She wore colors that were sharp

The Ski Club went to Vermont this year
Being grounded they could not bare
Others had to be bandaged and patched
But **Joyce Ruhanna** escaped without a scratch

In Germany no one was a fool
They didn't obey a single rule
Gary Shiner drank one can
And from there on thought he was a man

The Mexico Trip was a success
But **Sue Scotia** made quite a mess
Never forget you know who when she did you know what
with you know who IS IT TRUE?

Greaser Day came to West
And we all know it was quite a success
Brian Marchs looked such a mess,
He looked a greaser more or less

Eddy Cerep and **Artie Meyers**
Proved to be two liars
They said they wouldn't dress for this day
But they came as greasers anyway

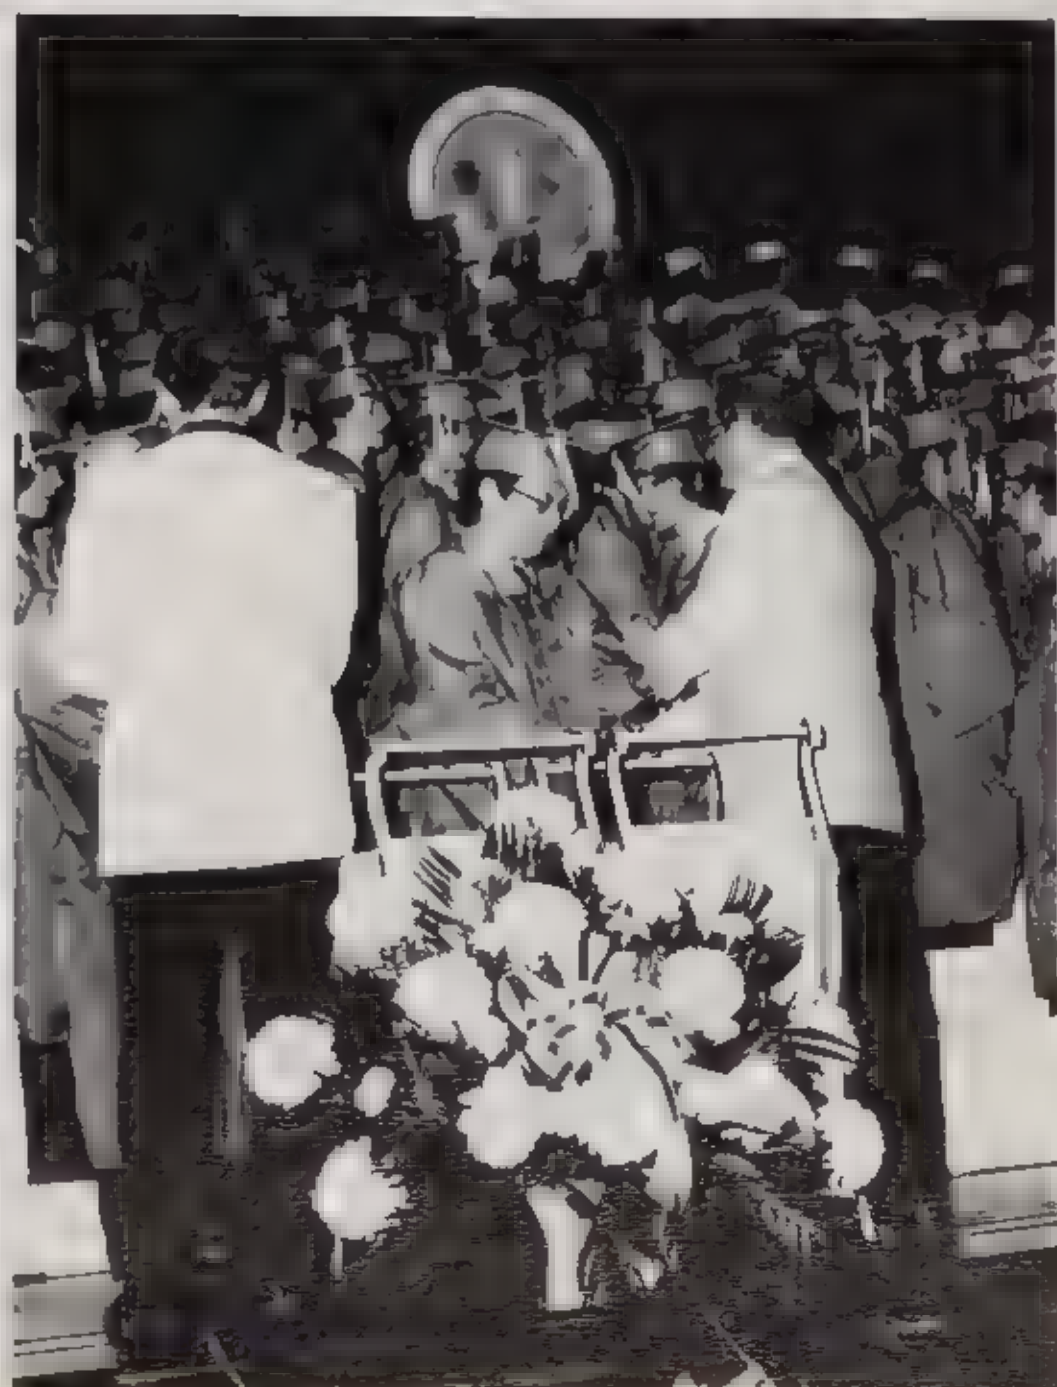

As Seniors we felt big
And a one-day vacation we did rig
ONE HUNDRED TWENTY FIVE Seniors were absent
That day
We were all out for fun and play

The next day to the office we were called
Mr. G. and Mrs. Barrett were enraged by it all
A lecture we did receive
To obey his warnings we all did agree

Graduation Day is near
To face the world we all do fear
We will all try to do good with this quest
To prove once again that WEST IS BEST

ALMA MATER

Mine eyes have seen the glory of West Scranton Senior High,
As she stands in all her glory underneath the azure skies,
True and Loyal is her banner and long may she wave it high,
West Scranton Senior High!

Blue and White our colors Royal,
Blue and White our colors Royal,
Blue and White are always Loyal,
West Scranton Senior High!

The glory of her friendship and the wonders of her name,
Shall live in song and story and shall give undying fame,
Her spacious halls shall echo with its memories so dear,
West Scranton Senior High!
